RUSSIA INCREASES MILITARY OUTLAY — Soviet Premier Nikita S. Khrushchev speaks to Soviet Military Academy graduates in Moscow, where he announced that the Soviet Union will boost spending by 3.5 billion dollars on its military forces this year and has already halted a cutback in military manpower in view of the firm western stand in the Berlin crisis. Soviet Defense Minister Marshal Rodion Malinovsky (right) told group that the western press has been stirring up a war psychosis.

No Law Covers Aerial Hijinks

Ruckus on Airliner Caused by Janitor

LOS ANGELES (AP) — A vacationing Illinois janitor, who caused a ruckus with a pocket knife aboard a crowded jetliner, poses a headache for authorities because of a legal no-man's land. And it appears the headache may require legislative relief from Congress.

Joseph Newkirk, 60, of Argo, Ill., was arrested Saturday after threatening two persons aboard United Air Lines Flight 853, carrying 118 passengers from Chicago to Los Angeles.

No one was injured. Newkirk, who at first told police he was a salesman, was booked on suspicion of assault.

Shortly after takeoff from Chicago's O'Hare Field, investigators said, Newkirk became enraged because a stewardess took away his whiskey bottle. Later as the plane whisked over Nevada at about 32,000 feet, he became belligerent, pushed a stewardess and brandished his knife when a young Marine interceded.

The Marine, Pvt. Donald James Schwalbach, of Highland Park, Ill., slugged and sidemanded Newkirk. The janitor was bound by the crew and held captive in the lounge until Los Angeles police boarded the plane here.

After booking Newkirk, police discovered they had no jurisdiction over a crime allegedly committed over Nevada. They called the FBI and the Federal Aviation Agency.

The FBI pondered the problem — and said they'd have to discuss it with headquarters in Washington.

The FAA said it could not prosecute Newkirk on a criminal charge, but could charge him in a civil action with violating FAA drinking regulations aboard an airliner.

Then Asst. U.S. Atty. Tom Sheridan said he knows of no federal statute covering passengers aboard a plane in interstate flight.

"We have all sorts of laws for trains and several new ones for planes," he added, "but I don't know of any for something like this."

Turkish Voters Give Nod To New Constitution

ISTANBUL, Turkey (AP) — Unofficial returns today showed the majority of Turkish voters approved the new constitution in the first such referendum in Turkey's history.

Counting continued on in several provinces, but it was estimated that at least 60 per cent of those voting cast white ballots Sunday approving the constitution, second in the Turkish Republic's 38 years.

Champ Will Get Deserving Medal

Champ, a young female Beagle owned by James Morehead, will receive a deserving medal tomorrow at Ted Lewis Park.

Champ, rated a good rabbit dog by her owner, will receive the medal for a vital service performed February 6 of this year, the night the Moorehead home in Washington Twp. was destroyed by fire. The dog's loud barking awakened Mrs. Moorehead who then managed to escape the flaming house with her four children.

The award will be presented at about 2 p. m. tomorrow at Ted Lewis Park by the Quaker Oats Co. Champ also will be eligible for the firm's National Award which will be presented in Chicago later in the year. This honor will include a \$1,000 prize.

Champ played the role of a hero on February 6 by awaking Mrs. Moorehead at about 3:15 a. m. Her husband was working the night shift at DuPont at the time.

MR. AND MRS. Moorehead and local firemen agreed that Champ's quick response on sensing flames and smoke prevented what could have been a tragedy.

The house was declared a total loss, although firemen and neighbors were able to save about half of the household goods. The quantity of goods saved was noted as another tribute to Champ.

Firemen said the fire apparently started in or near a bathroom upstairs. Fortunately the Friendly Beagle was inside the house that night.

An old proverb says "every dog will have its day" and tomorrow will be Champ's. The presentation will be done up right, with mayor Ben H. Gordon and other

Two Injured In Collision

Two persons received minor injuries in a two-car accident at 7:30 a. m. Saturday at the intersection of Route 762 and 62 near Orient.

State Patrolman J. R. Prather said Pauline Cummings, 35, Route 3, Mt. Sterling, driver of one vehicle, was treated for lacerations of the forehead and bruises of both knees.

Alvin Cowart, 54, Cleveland, driver of the other vehicle, was treated for chest bruises and lacerations of the forehead.

A passenger in Cowart's auto, Margaret Cowart, was not hurt. The injured were taken to Mt. Carmel Hospital, Columbus.

Patrolman Prather said both autos were demolished. Pauline Cummings was arrested for failing to yield the right-of-way, he added.

MacArthur Ending Tour of Philippines

LOILO CITY, the Philippines (AP)—General of the Army Douglas MacArthur, traveling this time in style, today returned to Panay Island in his tour of battle-grounds in the Philippines he made famous in World War II.

He was accorded a 19-gun salute as he stepped ashore from the presidential yacht, Lapu Lapu and cheered by thousands during his five-hour stay.

It was the last scheduled stop on his journey through the young Southeast Asian republic that reveres him as its liberator from the Japanese.

officials slated to be on hand.

Mrs. Moorehead today expressed her praise for Champ's alert warning of February 6. She said she and her family will be a bundle of nerves in anticipation of hopes that Champ will be named No. 1 at the National Award ceremony in Chicago.

Byrd Machine Threatened in Virginia Poll

RICHMOND Va. (AP) — The hardest fought democratic primary battle in a dozen years winds up in Virginia Tuesday with the durable political organization of Sen. Harry F. Byrd challenged for the state's three top offices.

An estimated 400,000 voters will decide the outcome of the bitter Democratic family feud by nominating party candidates for governor, lieutenant governor and attorney general.

Consensus of the political pulse takers is that the organization candidate for governor former attorney general Albertis S. Harrison Jr. has a comfortable lead over A. E. S. Stephens the present lieutenant governor who broke ties recently with the Byrd forces.

In the contest for lieutenant governor State Sen. Mills E. Godwin the strongly conservative organization candidate is matched against State Sen. Armistead L. Boothe, a moderate on the school issue and a foe of the school closing laws when Virginia was trying massive resistance to integration.

While Harrison, 54, is urging the nomination of the entire organization team, several newspapers who support him have called for nomination of Boothe and the candidate for attorney general on the opposition ticket, T. Munford Boyd, a University of Virginia law professor. A number of others including the Richmond papers, the state's largest, are backing the straight organization ticket.

The federal grand jury will take up that question again today as it continues its investigation of the former Cleveland Browns football player's arrest.

Ratterman a reform candidate for sheriff of Campbell County contends he was drugged and the arrest was an attempt to frame him and discredit his campaign. Twenty-six witnesses have already testified before the grand jury.

U.S. Atty. Gene Auxier said several new witnesses probably would be subpoenaed. He said it is likely several indictments will be returned.

Charges against Ratterman were dismissed in Newport Police Court after a photographer testified he had been approached about taking a picture of a man and woman in a room at the Glenn Hotel where the arrest took place.

Casualties Numbered at 237 On Ship Ripped by Explosions

DiSalle Budget Veto Rapped By Republicans

Governor Disapproves Last Half Figures; Legality Questioned

COLUMBUS, Ohio (AP) — Dissatisfied with the Republican legislature's appropriations for mental patients and welfare recipients, Democratic Gov. Michael V. DiSalle has vetoed all appropriations for the second year of the fiscal biennium.

But, the question was quickly raised by Republican House Speaker Roger Cloud: Can the governor legally make this unprecedented move?

Neither Cloud nor Senate Republican Leader C. Stanley Mecham of Athens County appeared unduly disturbed by the governor's veto action. They seemed to agree that the legislature will recess when it finishes its work late this month and return to session early next year to take another look at the state's finances.

In the meantime, because the governor signed a one-year appropriation act at 2:04 p. m. est. Sunday, checks are now on their way to some 22,500 aid for aged recipients whose money had been held up as much as nine days.

The governor's signature means that all state programs will go forward, as usual, for at least a year until the money so far appropriated by the legislature runs out on June 30, 1962. It may be that the state controlling board will be asked to advance money to keep the programs running late in the fiscal year, but that's a matter for the future.

Cloud's question on the legality of DiSalle's move vetoing the appropriation for the entire second year of the fiscal biennium centered on the issue of whether the second year constitutes a "severable" item of the budget. Cloud says it isn't, but DiSalle says it is.

But, rather than argue about it DiSalle personally vetoed and signed 194 individual items in the budget — about a half dozen of them for the fiscal year which started July 1 and the rest of the year which starts July 1, 1962.

After doing his chopping on the Republican budget measure, DiSalle signed what was left of the bill which calls for the expenditure of \$1,007,522,343 in the next fiscal year. He vetoed, pending further legislative study, appropriations totaling \$1,023,304,023.

DiSalle's unusual move of vetoing an entire year's appropriation obviously was designed to dramatize his feeling that the Republican legislature short-changed welfare recipients in the budget bill.

"Feeling keenly the responsibility of attempting to assist in finding the proper answers within the limit of resources, I ask you to concur in the suggested course of conduct outlined in this message," he told lawmakers.

DiSalle told newsmen that, if he had to call a special session to get an appropriations bill for the last year of the biennium, he would specify that the session would consider money matters only.

The legislature, after numerous delays, has expressed hope it could wind up its working session by Wednesday. Whether the financial bomb dropped Sunday by DiSalle will alter that schedule is uncertain.

Laos King Said Key To Settling Dispute

PHNOM PENH, Cambodia (AP) — Prince Norodom Sihanouk says the king of Laos now is the key figure in settling the Laotian problem.

In a statement issued after his return from the Geneva conference and meetings with leaders of Laos' three feuding factions, the Cambodian chief of state said the conference also had resulted in stabilization of the military situation and surface reconciliation of all three of the warring Laotian princes.

"I believe the king of Laos can now play the role of mediator to bring about a deeper and more sincere reconciliation," Sihanouk said.

U.S. Defense Chief Taking New Look at Yankee Arms

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara, noting that the Soviet Union intends to increase military spending, announced today the United States is taking another look at its defense program.

Soviet Premier Khrushchev announced in Moscow last week that the Soviet Union has suspended plans to cut Soviet armed forces by more than one million men in view of the world situation.

McNamara said that "the simplest precaution calls for still another examination of our defense posture." He added:

"Currently we are as strong—if not stronger—than any potential aggressor."

"But in the fact of the inescapable realities that confront us, such as threats to dispossess us of our rightful presence in Berlin, we can do no less than re-examine our needs. This we are doing."

McNamara's statement gave no indication of what new steps the Kennedy Administration might take to bolster defenses.

Shortly before McNamara's announcement, Roswell L. Gilpatric, deputy secretary of defense, had informed a Senate Appropriations subcommittee that President Kennedy had called for a new appraisal of U.S. fighting power in the light of the Berlin crisis.

Ever since the Berlin crisis began heating up again a month ago, there has been speculation that Kennedy might order some form of mobilization to alert the American people to the gravity of the situation and to warn Khrushchev that the United States intends to back up its firm stand against being ousted from West Berlin.

Over the weekend, the House Foreign Affairs Committee made public testimony from Gen. Lauris Norstad, commander of allied forces in Europe, that he feels the time has come for a quiet building up of strength "that would go a long way toward passing the Berlin ball back to Mr. Khrushchev."

Gilpatric said that Sunday's display of Soviet airpower in

Moscow was another factor behind the President's order.

The deputy secretary declared emphatically that the United States has adequate fighting power to meet its needs through the 1960's on the basis of what is known now.

Gilpatric said the Soviet air show in Moscow merely confirmed what the Pentagon had believed—that the Soviet Union still views the manned bomber plane as an essential part of its aerial weapons the same as does the United States.

For the first time, Gilpatric confirmed what has been generally believed, that the U.S. program now calls for a force of 700 B52 bombers, backed by the Hound Dog and Sky Bolt missiles, as "sufficient to give us adequate bomber strength in the 1960's."

Gilpatric said the reappraisal Kennedy has ordered will determine whether the administration will ask Congress for additional appropriations for military and defense purposes this year.

Portuguese Passenger Vessel Burns

490 Persons Aboard Transport as It Hits Mozambique Sandbar

LOURENCO MARQUES, Mozambique (AP)—The Portuguese Maritime Ministry announced today 237 persons are dead or missing and presumed dead from the grounded and burning Portuguese ship Save. Most were African Negro passengers.

The 2,037-ton transport was swept into a sandbar in a storm Saturday in the Mozambique Channel, off Southeast Africa, and a series of explosions ripped the hull and engulfed her in flames.

The ministry said there were 490 persons aboard the ship, including a 44-man crew and that 253 were saved, some of them suffering injuries.

Estimates of the total aboard previously had ranged above 500. Some of the passengers were troops, others were mine laborers.

The disaster struck near the Linde River estuary of northern Mozambique.

It was thought many of the missing swam safely ashore but landed at various points and would be hard to round up.

The Portuguese army still has not issued an announcement giving any official information.

Helicopters were ferrying the injured and other survivors to Beira and Lourenco Marques. Light aircraft were trying to land on the beach at low tide, and small boats were searching the area for survivors.

Rescue parties also were making their way overland to the isolated area.

The Save, named for a river in Mozambique, had sailed from Lourenco Marques with troops, laborers and military supplies for calls at northern ports in the sprawling East African colony.

Radio messages received in Beira, port in central Mozambique 450 miles northeast of Lourenco Marques, said an explosion in the forward hold touched off a fire.

The flames raged out of control and a series of explosions apparently among munitions aboard followed.

A tug raced from Beira but could not get across the sandbar to reach the burning ship.

Portuguese military planes picked up many of the injured, however, and flew them to hospitals in Beira.

Difficult communications and censorship controls imposed by Portuguese authorities delayed word of the disaster getting out. Rule in Mozambique is largely in control of the military because of the restlessness of the natives. All reports on movements of troops are heavily censored.

Heiskell Resigns Jury Board Post After 32 Years

W. D. Heiskell, Williamsport, has resigned after 32 years as Republican member of the Pickaway County Jury Commission.

Heiskell, first appointed in 1929 by Common Pleas Judge Joseph Adkins, told Judge William Ammer he felt his health no longer permitted him to serve on the Commission.

K. E. Dountz, of Ashville, was selected by Judge Ammer to succeed Heiskell as Republican party representative on the two-man panel.

J. Ludwig Haacker of Circleville continues as Democrat member of the bipartisan board. The Jury Commission declares persons eligible for county jury duty and three times annually selects jury members from the eligibility roles.

13 Fatalities Recorded

COLUMBUS, Ohio (AP)—After a Fourth of July weekend which took a toll of 28 lives in traffic, Ohio's fatality rate eased off last weekend — only eight perished on the highways plus five other miscellaneous accidental deaths.

New Russian Air Strength Is Evaluated by Diplomats

MOSCOW (AP)—The Soviet Union showed off its air might Sunday in a dazzling display that struck Western diplomats as a gesture designed to strengthen Kremlin demands on Berlin.

Premier Khrushchev and Cosmonaut Yuri Gagarin watched side by side along with a crowd of 50,000 while the Soviet air force paraded a spectacular array of new craft at Moscow's Tushino Airfield.

Western experts watching the show — first the Soviets have staged since 1958—said the United States has nothing to match several of the entries, including a jet fighter that can light up a liquid rocket engine booster in flight to gain a tremendous rate of climb.

The most spectacular attraction shown publicly for the first time was a delta wing bomber the announcer said had a speed several times that of sound. The plane looked bigger than the eight-engine U.S. B52 and had four jets, two on the wing tips and two inboard below the wings.

Western air attaches showed keen interest in a flypast of 10 heavy supersonic bombers which also made their first public appearance. These new model's two engines were mounted on the rear atop the long, slender fuselage. It had high swept wings and was comparable in size to the U.S. B58, whose publicly admitted speed is 1,500 miles per hour.

"A very impressive show," said the U.S. air attaché, Col. Melvin Nielsen. "It's evident the Russians have continued with the development of all classes of aircraft."

Western observers said the show made clear the Soviets are not pinning all their faith on long-range missiles alone.

The fighters carried air-to-air rockets instead of conventional cannon. The new bombers were armed with air-to-surface missiles instead of bombs.

The Soviets gave advance billing to a vertical takeoff plane that does not depend on a jet thrust to get it aloft. Called a "screw wing plane" it was a cross between a plane and a helicopter.

Two engines were mounted at the end of each wing, and it had

two motors atop each wing making it highly maneuverable and able to carry either troops or freight.

Another new model was a three-tail jet-powered helicopter that landed and unloaded a cargo of rockets.

One novelty was a giant helicopter capable of hauling 180 men. It appeared carrying a wooden house under its belly and landed it on the field. The house was about the size of a large car trailer in the United States.

The Soviets spiced up their

show with a flypast of 15 helicopters each carrying a trapeze on which sat a pretty girl each dressed in the national costume of one of the 15 Soviet republics.

Another crowd-pleasing feature was a mass drop of 600 men with brightly colored parachutes.

Air Marshal Konstantin Vershinin who directed the show said in an aviation day article in the Soviet Communist party newspaper Pravda that many of the Soviet air force's jets have no equal in the world for speed, altitude and flight range.

Housecleaning within Army Helps New South Korea Chief

SEOUL, South Korea (AP)—A wholesale housecleaning of rival officers appeared today to have strengthened considerably the position of South Korea's military ruler, Maj. Gen. Pak Chung-hi.

Pak climaxed his purge Sunday by accusing Lt. Gen. Chang Do-Young, ousted a week ago as premier and head of the ruling junta, and 44 other officers of plotting to assassinate him in an effort to seize control of the government.

Pak, moving spirit of the May 16 coup, forced Chang out last Monday, supplanting him as chairman of the junta, and named Defense Minister Song Yo-chan premier.

Informed sources contended, however, that Pak's position still is not as strong as he would like.

The ruling inner circle, called the Supreme Council for National Reconstruction, now consists of 21 army men, 11 of them colonels and lieutenant colonels, 3 marine generals and a marine colonel, a vice admiral and an air force brigadier general. These men represent different backgrounds, especially in their military ties, and there is evidence they have different ideas on how to restore their nation.

Treason charges that could carry the death penalty were leveled against Chang and the other officers at a news conference called Sunday by the junta.

An intelligence officer said Chang and the 44 others were caught scheming to assassinate Pak and "other persons in the central force of the revolution."

The officer said the accused, including five former junta members, were picked up last Monday after failing in one attempt to stage a counter-coup and while planning another.

Chang, who was formerly army chief of staff, was accused of being a reluctant joiner of the May 16 coup masterminded by Pak to unseat Premier John M. Chang, no relation, and put South Korea under military rule.

The junta spokesman said Gen. Chang called on Gen. Carter B. Magruder, U.S. and U.N. commander at the time of the May coup, to use his American forces to block the 3,600 revolutionary troops.

Chang was also accused of turning Magruder against Pak by calling him unreliable.

The U.S. 8th Army declined to comment. Magruder retired June 30 and left for the United States the following day.

Harness Racer Dies

MARION, Ohio (AP) — Frank M. Foster, 71, a leading figure in Ohio and national harness racing circles, died today. He suffered a heart attack at the Houghton Sulky Co. of which he was president.

Sunny and mild this afternoon. Clear and cool tonight. Fair and a little warmer Tuesday. Yesterdays high, 80; low, 51. High today, 82-84. Low tonight, 53-55. High tomorrow, 84-88.

Mrs. Moorehead today expressed her praise for Champ's alert warning of February 6. She said she and her family will be a bundle of nerves in anticipation of hopes that Champ will be named No. 1 at the National Award ceremony in Chicago.

Byrd Machine Threatened in Virginia Poll

RICHMOND Va. (AP) — The hardest fought democratic primary battle in a dozen years winds up in Virginia Tuesday with the durable political organization of Sen. Harry F. Byrd challenged for the state's three top offices.

An estimated 400,000 voters will decide the outcome of the bitter Democratic family feud by nominating party candidates for governor, lieutenant governor and attorney general.

Consensus of the political pulse takers is that the organization candidate for governor former attorney general Albert S. Harrison Jr. has a comfortable lead over A. E. S. Stephens the present lieutenant governor who broke ties recently with the Byrd forces.

In the contest for lieutenant governor State Sen. Mills E. Godwin the strongly conservative organization candidate is matched against State Sen. Armistead L. Boothe, a moderate on the school issue and a foe of the school-closing laws when Virginia was trying massive resistance to integration.

While Harrison, 54, is urging the nomination of the entire organization team, several newspapers who support him have called for nomination of Boothe and the candidate for attorney general on the opposition ticket, T. Munford Boyd, a University of Virginia law professor. A number of others including the Richmond papers, the state's largest, are backing the straight organization ticket.

Federal Jury Eyes Case of Ratterman

LEXINGTON Ky. (AP)—Were George Ratterman's civil rights violated when he was arrested May 9 in a Newport hotel room with strip tease dancer Juanita Jean Hodges?

The federal grand jury will take up that question again today as it continues its investigation of the former Cleveland Browns football player's arrest.

Ratterman a reform candidate for sheriff of Campbell County contends he was drugged and the arrest was an attempt to frame him and discredit his campaign.

Twenty-six witnesses have already testified before the grand jury.

U.S. Atty. Gene Auxier said several new witnesses probably would be subpoenaed. He said it is likely several indictments will be returned.

Charges against Ratterman were dismissed in Newport Police Court after a photographer testified he had been approached about taking a picture of a man and woman in a room at the Glenn Hotel where the arrest took place.

DiSalle Budget Veto Rapped By Republicans

Governor Disapproves Last Half Figures; Legality Questioned

COLUMBUS, Ohio (AP) — Dissatisfied with the Republican legislature's appropriations for mental patients and welfare recipients, Democratic Gov. Michael V. DiSalle has vetoed all appropriations for the second year of the fiscal biennium.

But, the question was quickly raised by Republican House Speaker Roger Cloud: Can the governor legally make this unprecedented move?

Neither Cloud nor Senate Republican Leader C. Stanley Mechem of Athens County appeared unduly disturbed by the governor's veto action. They seemed to agree that the legislature will recess when it finishes its work late this month and return to session early next year to take another look at the state's finances.

In the meantime, because the governor signed a one-year appropriation act at 2:04 p.m., est. Sunday, checks are now on their way to some 22,500 aid for aged recipients whose money had been held up as much as nine days.

The governor's signature means that all state programs will go forward, as usual, for at least a year until the money so far appropriated by the legislature runs out on June 30, 1962. It may be that the state controlling board will be asked to advance money to keep the programs running late in the fiscal year, but that's a matter for the future.

Cloud's question on the legality of DiSalle's move vetoing the appropriation for the entire second year of the fiscal biennium centered on the issue of whether the second year constitutes a "severable" item of the budget. Cloud says it isn't, but DiSalle says it is.

But, rather than argue about it DiSalle personally vetoed and signed 194 individual items in the budget — about a half dozen of them for the fiscal year which started July 1 and the rest of the year which starts July 1, 1962.

After doing his chopping on the Republican budget measure, DiSalle signed what was left of the bill which calls for the expenditure of \$1,007,522,343 in the next fiscal year. He vetoed, pending further legislative study, appropriations totaling \$1,023,304,023.

DiSalle's unusual move of voting an entire year's appropriation obviously was designed to dramatize his feeling that the Republican legislature short-changed welfare recipients in the budget bill.

"Feeling keenly the responsibility of attempting to assist in finding the proper answers within the limit of resources, I ask you to concur in the suggested course of conduct outlined in this message," he told lawmakers.

DiSalle told newsmen that, if he had to call a special session to get an appropriations bill for the last year of the biennium, he would specify that the session would consider money matters only.

The legislature, after numerous delays, has expressed hope it could wind up its working session by Wednesday. Whether the financial bomb dropped Sunday by DiSalle will alter that schedule is uncertain.

Laos King Said Key To Settling Dispute

PHNOM PENH, Cambodia (AP) — Prince Norodom Sihanouk says the king of Laos now is the key figure in settling the Laotian problem.

In a statement issued after his return from the Geneva conference and meetings with leaders of Laos' three feuding factions, the Cambodian chief of state said the conference also had resulted in stabilization of the military situation and surface reconciliation of all three of the warring Laotian princes.

"I believe the king of Laos can now play the role of mediator to bring about a deeper and more sincere reconciliation," Sihanouk said.

U.S. Defense Chief Taking New Look at Yankee Arms

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara, noting that the Soviet Union intends to increase military spending, announced today the United States is taking another look at its defense program.

Soviet Premier Khrushchev announced in Moscow last week that the Soviet Union has suspended plans to cut Soviet armed forces by more than one million men in view of the world situation.

McNamara said that "the simplest precaution calls for still another examination of our defense posture." He added:

"Currently we are as strong—if not stronger—than any potential aggressor."

"But in the fact of the inescapable realities that confront us, such as threats to dispossess us of our rightful presence in Berlin, we can do no less than re-examine our needs. This we are doing."

McNamara's statement gave no indication of what new steps the Kennedy Administration might take to bolster defenses.

Shortly before McNamara's announcement, Roswell L. Gilpatric, deputy secretary of defense, had informed a Senate Appropriations subcommittee that President Kennedy had called for a new appraisal of U.S. fighting power in the light of the Berlin crisis.

Ever since the Berlin crisis began heating up again a month ago, there has been speculation that Kennedy might order some form of mobilization to alert the American people to the gravity of the situation and to warn Khrushchev that the United States intends to back up its firm stand against being ousted from West Berlin.

Over the weekend, the House Foreign Affairs Committee made public testimony from Gen. Lauris Norstad, commander of allied forces in Europe, that he feels the time has come for a quiet building up of strength "that would go a long way toward passing the Berlin ball back to Mr. Khrushchev."

Gilpatric said that Sunday's display of Soviet airpower in

Moscow was another factor behind the President's order.

The deputy secretary declared emphatically that the United States has adequate fighting power to meet its needs through the 1960's on the basis of what is known now.

Gilpatric said the Soviet air show in Moscow merely confirmed what the Pentagon had believed—that the Soviet Union still views the manned bomber plane as an essential part of its aerial weapons the same as does the United States.

For the first time, Gilpatric confirmed what has been generally believed, that the U.S. program now calls for a force of 700 B52 bombers, backed by the Hound Dog and Sky Bolt missiles, as "sufficient to give us adequate bomber strength in the 1960's."

Gilpatric said the reappraisal Kennedy has ordered will determine whether the administration will ask Congress for additional appropriations for military and defense purposes this year.

Portuguese Passenger Vessel Burns

490 Persons Aboard Transport as It Hits Mozambique Sandbar

LOURENCO MARQUES, Mozambique (AP)—The Portuguese Maritime Ministry announced today 237 persons are dead or missing and presumed dead from the grounded and burning Portuguese ship Save. Most were African Negro passengers.

The 2,037-ton transport was swept into a sandbar in a storm Saturday in the Mozambique Channel, off Southeast Africa, and a series of explosions ripped the hull and engulfed her in flames.

The ministry said there were 490 persons aboard the ship, including a 44-man crew and that 253 were saved, some of them suffering injuries.

Estimates of the total aboard previously had ranged above 500. Some of the passengers were troops, others were mine laborers.

The disaster struck near the Linde River estuary of northern Mozambique.

It was thought many of the missing swam safely ashore but landed at various points and would be hard to round up.

The Portuguese army still has not issued an announcement giving any official information.

Helicopters were ferrying the injured and other survivors to Beira and Lourenco Marques. Light aircraft were trying to land on the beach at low tide, and small boats were searching the area for survivors.

Rescue parties also were making their way overland to the isolated area.

The Save, named for a river in Mozambique, had sailed from Lourenco Marques with troops, laborers and military supplies for calls at northern ports in the sprawling East African colony.

Radio messages received in Beira, port in central Mozambique 450 miles northeast of Lourenco Marques, said an explosion in the forward hold touched off a fire.

The flames raged out of control and a series of explosions apparently among munitions aboard followed.

A tug raced from Beira but could not get across the sandbar to reach the burning ship.

Portuguese military planes picked up many of the injured, however, and flew them to hospitals in Beira.

Difficult communications and censorship controls imposed by Portuguese authorities delayed word of the disaster getting out. Rule in Mozambique is largely in control of the military because of the restlessness of the natives. All reports on movements of troops are heavily censored.

Heiskell Resigns Jury Board Post After 32 Years

W. D. Heiskell, Williamsport, has resigned after 32 years as Republican member of the Pickaway County Jury Commission.

Heiskell, first appointed in 1929 by Common Pleas Judge Joseph Adkins, told Judge William Ammer he felt his health no longer permitted him to serve on the Commission.

K. E. Dountz, of Ashville, was selected by Judge Ammer to succeed Heiskell as Republican party representative on the two-man panel.

J. Ludwig Haecker of Circleville continues as Democrat member of the bipartisan board. The Jury Commission declares persons eligible for county jury duty and three times annually selects jury members from the eligibility roles.

13 Fatalities Recorded

COLUMBUS, Ohio (AP)—After a Fourth of July weekend which took a toll of 28 lives in traffic, Ohio's fatality rate eased off last weekend — only eight perished on the highways plus five other miscellaneous accidental deaths.

New Russian Air Strength Is Evaluated by Diplomats

MOSCOW (AP)—The Soviet Union showed off its air might Sunday in a dazzling display that struck Western diplomats as a gesture designed to strengthen Kremlin demands on Berlin.

Premier Khrushchev and Cosmonaut Yuri Gagarin watched side by side along with a crowd of 50,000 while the Soviet air force paraded a spectacular array of new craft at Moscow's Tushino Airfield.

Western experts watching the show — first the Soviets have staged since 1958—said the United States has nothing to match several of the entries, including a jet fighter that can light up a liquid rocket engine booster in flight to gain a tremendous rate of climb.

The most spectacular attraction shown publicly for the first time was a delta wing bomber the announcer said had a speed several times that of sound. The plane looked bigger than the eight-engine U.S. B52 and had four jets, two on the wing tips and two inboard below the wings.

Western air attaches showed keen interest in a flypast of 10 heavy supersonic bombers which also made their first public appearance. This new model's two engines were mounted on the rear atop the long, slender fuselage. It had high swept wings and was comparable in size to the U.S. B58, whose publicly admitted speed is 1,500 miles per hour.

"A very impressive show," said the U.S. air attaché, Col. Melvin Neilsen. "It's evident the Russians have continued with the development of all classes of aircraft."

Western observers said the show made clear the Soviets are not pinning all their faith on long-range missiles alone.

The fighters carried air-to-air rockets instead of conventional cannons. The new bombers were armed with air-to-surface missiles instead of bombs.

The Soviets gave advance billing to a vertical takeoff plane that does not depend on a jet thrust to get it aloft. Called a "screw wing plane" it was a cross between a plane and a helicopter. Two engines were mounted at the end of each wing, and it had

Train-Bus Crash Kills 49 Formosans

TAIPEI, Formosa (AP)—The toll from a train-bus collision in Southern Formosa rose today to 49 dead.

Twenty-seven persons were still on the critical list. Blood transfusions were being administered to all of them.

The disaster Sunday, worst of its kind in Formosa's history, occurred when an express train rammed into a bus near Chiayi. The bus was split in two and the wreckage toppled into a canal.

Both the bus driver and the conductor, a girl, were among those killed. Police said they failed to heed a regulation requiring the driver to stop the bus before the crossing while the conductor walked across to signal whether a train was coming.

Three key bills—foreign aid, the National Defense Education Act, and the farm bill—may emerge from Senate committees this week. But neither house has scheduled action on any major measures.

Harness Racer Dies
MARION, Ohio (AP) — Frank M. Foster, 71, a leading figure in Ohio and national harness racing circles, died today. He suffered a heart attack at the Houghton Sulky Co. of which he was president.

Mainly About People

Mrs. Lida Skinner, Route 1, Laurelville, has been admitted to the Hocking Valley Hospital, Logan.

Stock Mart Prices Show Slight Climb

NEW YORK (AP) — Aircrafts, steels and tobaccos helped carve out a moderate stock market advance in routine trading early this afternoon.

The Associated Press average of 60 stocks at noon was up .50 at 247.50 with industrials up 1.00, rails up .10 and utilities up .20. Key stocks rose from fractions to a point or better. A scattering of small losses put a brake on the averages.

Aircrafts made fairly substantial gains as they responded to renewed emphasis on defense. Steels perked up also.

Boeing rose more than a point. Up about a point were Douglas Aircraft, United Aircraft, Lockheed and North American Aviation.

American Tobacco gained more than 3 in response to further investment demand. Gains of a point or so were scored also by Reynolds Tobacco, Schering, United Fruit, Woolworth, DuPont and Phelps Dodge.

The Dow Jones industrial average at noon was up 2.01 at 694.74. Prices were generally higher on the American Stock Exchange.

Corporate bonds were mixed in quiet trading. U.S. government bonds were unchanged to lower.

Muny Court Docket Heavy for Weekend

The State Highway Patrol aircraft speed detector unit operating in this area during the weekend sent a long list of violators to Circleville Municipal Court.

Included on the list were: Charles Monroe Staley, 61, Detroit, Mich., \$21 and costs for speeding at 81 miles per hour in a 60 mile zone.

Clair E. Helman, 55, Toledo, and Alex Ramsaw, 38, Holden, W. Va.; each fined \$11 and costs for speeding at 71 miles per hour in a 60 mile zone.

Robert Dale Gillum, 27, Route 1, Kingston, and Basel Lloyd Ramp, 49, Detroit, Mich.; each fined \$12 and costs for speeding at 72 miles per hour in a 60 mile zone.

Pete Thompson, 41, Route 3, Mt. Sterling; \$20 and costs for speeding at 80 miles per hour in a 60 mile zone.

Willie E. Baxter, 37, Chillicothe; \$15 and costs for speeding at 65 miles per hour in a 50 mile zone.

Richard Fulton Hutchinson, 39, Columbus, and Stanley Joseph Kochanski, 21, Southgate, Mich.; each fined \$10 and costs for speeding at 70 miles per hour in a 60 mile zone.

Ralph William Lampie, 21, Richmond, W. Va., Robert Harry Neisser, 46, Columbus, Ira Runyon, 44, Cleveland, and Willie O'Dell, 54, Columbus; each fined \$15 and costs for speeding at 75 miles per hour in a 60 mile zone.

Walter M. Colvin, 48, Gahanna, and Paul R. Ferrell, 22, Cleveland; each fined \$20 and costs for speeding at 70 miles per hour in a 50 mile zone.

Fannie Marcum, 27, Belle, W. Va., and Richard E. Davis, Columbus; each fined \$12 and costs for speeding at 72 miles per hour in a 60 mile zone.

NORMAN Charles Esterbrook, 21, Columbus; \$17 and costs for speeding at 77 miles per hour in a 60 mile zone.

Cisco Allen, 33, Albion, Mich.; \$21 and costs for speeding at 81 miles per hour in a 60 mile zone.

Alfred Runyons, 38, Switzer, W. Va.; \$18 and costs for speeding at 78 miles per hour in a 60 mile zone.

Dorcas Pauline Hord, 22, Sycamore; \$16 and costs for speeding at 76 miles per hour in a 60 mile zone.

Arnold Carter, 50, Chesapeake; \$11 and costs for speeding at 71 miles per hour in a 60 mile zone.

Richard Clay Craft, 19, Lancaster; \$12 and costs for speeding at 52 miles per hour in a 40 mile zone.

Albert L. Petty, 26, Route 4; \$11 and costs for speeding at 61 miles per hour in a 50 mile zone.

James M. Brown, 39, Route 4; \$13 and costs for speeding at 53 miles per hour in a 40 mile zone.

City Police arrests during the weekend included William W. Johnson, 22, of 317 E. Corwin St., fined \$10 and costs for making unnecessary noise with his auto.

Business Briefs

Vernon Hawks, local Container Corporation plant, recently received a letter of appreciation from Gale M. LaRue, Route 2, Ashville, whom the company sponsored this year at the Forestry Training Camp.

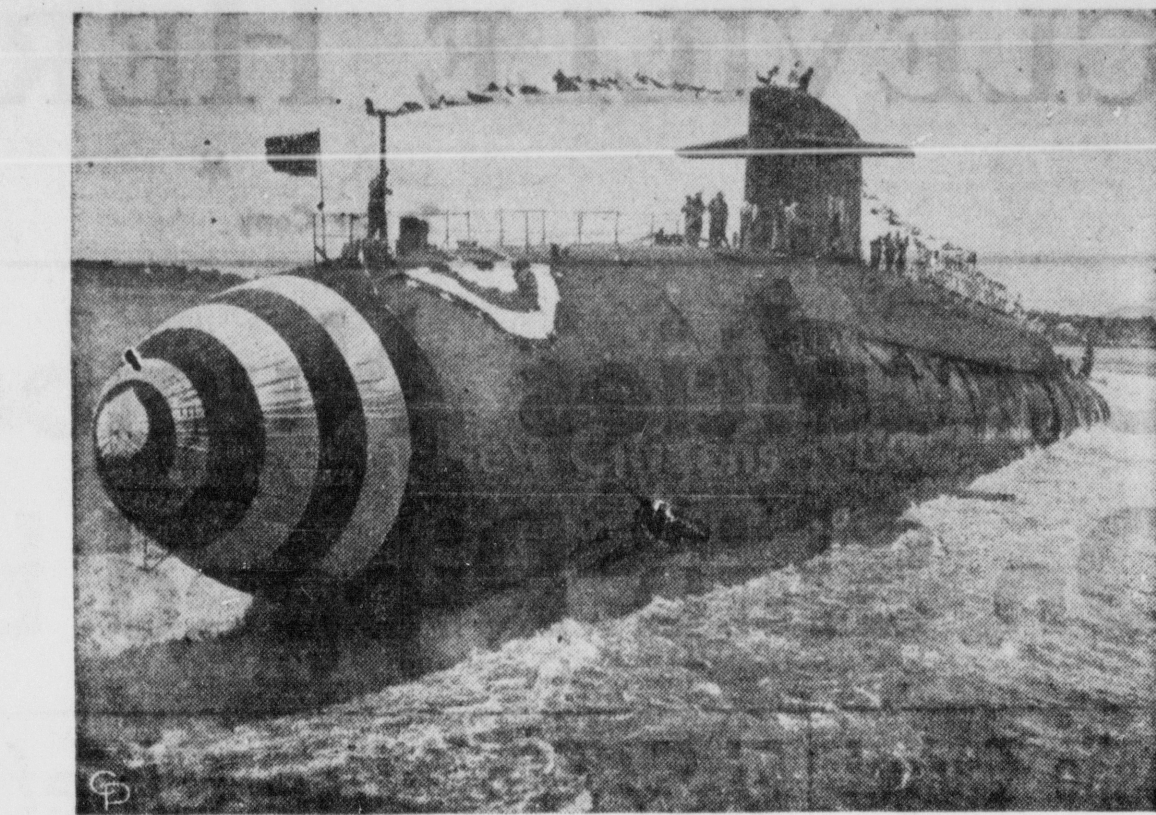

Upon completion of the camp, LaRue received special scholastic honors. He earned a grade of 90.5 per cent in his final examination which placed him in the top ten per cent of the class.

LaRue's letter to Hawks outlined his camp training and explained the different aspects of forestry.

The training camp included a tour of the Mead Paper Corporation, Chillicothe, and a field trip to Tar Hollow State Park for a tree identification test.

LaRue closed his letter by saying, "I hope companies like yours will continue to give young people in the future the same chance you gave me. It has truly been an educational and enjoyable experience I will never forget."

Astrophysicists believe exploration of the moon will unlock many of the mysteries of the solar system.

\$100 MILLION WORTH—The new Polaris missile submarine Thomas A. Edison rides the calm sea at Groton, Conn., after being christened by Mrs. John Eyre Sloane of West Orange, N.J., the inventor's 72-year-old daughter. The Edison carries 16 Polaris missiles.

Negotiations In Bakery Dispute Stall

COLUMBUS, Ohio (AP)—Negotiations between two of Columbus' largest bakeries and representatives of about 120 striking workers ended early this morning with no progress reported, a union spokesman said.

The walkout of union bakers and maintenance men Sunday halted production at Continental Baking Co. and Ward Baking Co.—both plants of major chains.

Representing the workers is the American Bakery and Confectionary Workers Local 57, while management's negotiator is the Columbus Bakers' Labor Council.

M. J. (Jack) Egan, Local 57's business agent, said the meeting was adjourned early this morning, and no further sessions were scheduled immediately.

Egan said pickets were posted after the union found unsatisfactory management's offer to pay increases in a proposed new two-year contract. Egan said the offer was for a 6-cent hourly raise the first year and an additional 4 cents the second year.

The strike here followed a breakdown in negotiations Saturday between regional officials of the bakeries and the Northeast Seaboard Conference of the union at Pittsburgh, Continental and Ward plants in Pittsburgh have been struck since a week ago Saturday.

Liquor Hearing Slated
COLUMBUS, Ohio (AP) — The Ohio Board of Liquor Control will hold its second public hearing of the year in the Summit County Courthouse, Akron, at 1:30 p.m. Thursday.

Fliers Snatch Space Cone, Say Operation Too Routine

HICKAM AIR FORCE BASE, Hawaii (AP) — Air Force fliers who plucked another Discoverer nose cone from the sky on its return from space hoped today that the next aerial recovery "gives us something that wiggles."

Airmen at this mid-Pacific base said they were confident they could retrieve any capsule that could be brought back into the earth's atmosphere. "But next time," said one, "please, let's have something alive in there. These instruments are getting routine."

Discoverer XXVI's instrument-jammed nose cone was snagged in the air by a C119 recovery plane Sunday as the space pack-

Berger Treats Eight Injuries

Berger Hospital administered treatment to eight persons for various injuries suffered during the weekend.

Karen Heise 3, daughter of Mr. and Mrs. Harold Heise, 904 S. Scioto St., suffered a head laceration when she was hit with a swing.

Ted Flower, 20, Mound St., suffered abrasions of his neck when a car in which he was riding went into a ditch.

David Thomas, 7, son of Mr. and Mrs. Charles Thomas, 400 Sunnyview Drive, was struck with a baseball which lacerated his left eyebrow.

RICKY Lee Barker, 10 months, son of Mr. and Mrs. Otis Barker, 629 S. Scioto St., received burns of his left hand when he touched a hot oven.

Robert Pettit, 4, son of Mr. and Mrs. Myron Pettit, Columbus, fell on cement steps. He received abrasions and lacerations on the head.

Deborah Keaton, 9, daughter of Mr. and Mrs. Robert Keaton, 381 Weldon Ave., stepped on a nail.

Lottie Graham, 62, Ashville, fell from a hay trailer and bruised her back.

Bruce Richards, 5, son of Mr. and Mrs. William Richards, Route 2, lacerated his left foot and knee on a barbed wire fence.

New Citizens
MISS BROOKS
Mr. and Mrs. Joseph Brooks, Route 1, are the parents of a 7-pound 6 1/4-ounce daughter born at 5:25 a. m. yesterday in Berger Hospital.

4 Hub Caps Taken
Melvin Leasure, 218 E. Franklin St., told Circleville Police that four hubcaps were stolen from his auto.

Leasure said the caps were taken between 10 p. m. yesterday and 6 p. m. today. The vehicle was parked in front of his residence.

**Two Teachers
Resign Posts**
Pickaway County School Superintendent George McDowell has announced two teacher resignations. Both instructors submitted their letters yesterday. The deadline for teacher resignations without consent of the local boards of education is midnight today.

Marcus Albright, Circleville, has resigned as driver training instructor at Logan Elm High School to become industrial arts teacher at Teay's Valley High School.

Albright, who would have taught mechanical drawing and other subjects at Logan Elm this year, replaces Robert Elsea. Elsea resigned from public school work to become an industrial arts coordinator at Chillicothe Federal Reformatory.

Mrs. Urcie Cross resigned as fifth grade instructor at Saltcreek School to become sixth grade teacher at Stoutsville in Fairfield County.

About 2,000 persons are killed or injured by lightning in the United States each year.

Columbus Club Slates Picnic For PC Home

The 30 residents of the Pickaway County Children's Home will be feted at an all-day outing at the Columbus Zoo tomorrow.

The local home will participate in the 56th annual Orphan's Outing sponsored by members of the Columbus Automobile Club. Homes in five surrounding counties have been invited to attend the event.

Free games, rides and a special appearance of "Flippo" a Columbus TV clown will mark the celebration. Funds for the picnic are provided by members of the CAA. Any money remaining after the outing is used the following Christmas for gifts to be given to home residents.

Winfield Koch, PC Home superintendent, said his group "is very excited" about the affair. He added that CAA officials had informed him that a special gift will be presented for general use at the home.

The outing holds particular interest for Circleville citizens. David Dunlap, a prominent local resident before his death several years ago, was a member of the Columbus Auto Club and one of the guiding spirits behind the Orphan's Outing.

Monument Is Dedicated To Newsmen of Civil War

By H. D. CRAWFORD
Central Press Association
Correspondent

WASHINGTON — Newspaper correspondents and artists risked their lives on Civil War battle fronts to report news of fighting troop movements, and heroic exploits to their fellow Americans, both North and South.

These brave warriors of pen and brush have been honored since 1896 by an imposing monument at Crampton's Gap atop Maryland's South Mountain only a few miles from Harper's Ferry and the Antietam battlefield. Maryland's Gov. J. Millard Tawes has proclaimed this memorial a National Newspaper Hall of Fame.

The Civil War centennial gives this memorial a new importance as travelers and historians turn back to words, paintings and photographs recorded by the men who covered the battle-front action. The Correspondent's Memorial stands in Gaithland State Park, believed to be the world's only park dedicated to newspaper writers.

Behind this memorial to newsmen is a man, himself a Civil War correspondent; a fantastic mountain-top domain; an idea; decades of neglect, and finally a restoration movement by patriotic citizens who value history, ideas, and men.

The man was George Alfred Townsend. He became a Civil War correspondent at the age of 21, and later, under the name of "Gath", wrote 20 books and became one of Washington's earliest national columnists.

The fantastic domain was Townsend's 100-acre Gapland estate on South Mountain. In 1884 he erected the first of nine buildings that included an elaborate home, a den and library, guest houses and stables. There he entertained lavishly and wrote voluminously.

The idea was Townsend's concept of a memorial to working correspondents and artists who covered the Civil War. His idea won the support of such leaders as J. Pierpont Morgan, George M. Pullman, Levi P. Morton, Thomas A. Edison, John Wanamaker, Chauncey M. Depew and Joseph Pulitzer.

New Use for Slate

UPPER ARLINGTON, Ohio (AP) — The old fashioned school slate plays an important part in a learning device contrived by Upper Arlington principal Paul Hill.

As a kind of do-it-yourself project, the young school administrator developed a plywood table surface, big enough for 12 pupils. It has a curved slot in which the teacher may sit at the center of one side, and a slate — fastened down to discourage breakage — at each pupil's place.

Twenty-three of them now are in use in Upper Arlington, which is a suburb of Columbus, Ohio's capital. Hill says the slates help youngsters' learning because they can copy drawings and figure or write on them. The table also is designed to improve posture, which the principal says tends to suffer when youngsters sit in chairs or on the floor and attempt to hold books.

"... But Think How Cool It Will Be At Home!"

Yes, when she gets out from under that drier and back to her delightfully cool air conditioned home... she'll be ever so grateful for her new Janitrol Air Conditioning Unit HANING'S installed for her... and she'll wonder how she ever did without it! NOTHING DOWN — UP TO 3 YEARS TO PAY

158 W. Main St. — Est. 1927

This Correspondent's Arch atop South Mountain in Maryland has been proclaimed a National Newspaper Hall of Fame by Maryland's Gov. Millard Tawes.

Decades of neglect followed Townsend's death in 1914. The mountain domain was sold and allowed to deteriorate. The wilderness started reclaiming the mountain top. Vandals broke windows and carried away timbers and stones. Rafter's rotted and roofs fell. Walls collapsed. Time converted the buildings to ruins; only the Correspondent's Memorial withstood the onslaught.

Restoration began when citizens of historic Frederick, Md. purchased the former estate surrounding the Correspondent's Memorial and presented it to Maryland as a state park honoring Townsend, Townsend's Gapland became "Gaithland."

Some buildings already have been reconstructed. Others remain in ruins but will be restored. The Correspondent's Memorial stands on the mountain crest at the fork of two roads, across one is a scenic picnic area; across the other are buildings of Townsend's domain. The Appalachian Trail skirts the memorial.

The Correspondent's Memorial is a remarkable structure of battle-field stone. It rises about 50 feet high and is some 40 feet wide. Its turret resembles the tower of a small fort. Atop the opposite side is a weather-vane. Two terra cotta horse heads project from the stone above three Roman arches.

Below, a strip of red brick work contains the words "War Correspondents". Small statues niched into the stone front depict Mercury, Electricity and Poetry. Inscribed on stone tablets are "Speed" and "Heed". The large Moorish arch in the center is shaped like a horseshoe.

Names of 157 correspondents and artists, both North and South, are inscribed on stone tablets on the opposite side. The newsmen include such famous names as John Hay,

Henry Watterson, Witellaw Reid, Henry J. Raymond, Crosby S. Noyes, Edmund C. Stedman and Henry M. Stanley.

Another stone tablet dedicates the memorial "To the Army Correspondents and artists 1861-65, whose toils cheered the camps, thrilled the fireside, educated provinces of rustics into a nation of readers and gave incentive to narrate distant wars and explore dark lands."

Chamber Meet Tuesday

The Board of Directors, Circleville Area Chamber of Commerce, will meet at noon Tuesday in the basement of Benny's Restaurant for a regular session.

Actress Says No Snub Made Of Khrushchev

MOSCOW (AP) — Gina Lollobrigida says she meant no snub by walking out on Premier Khrushchev at the opening of the Moscow Film Festival. She just wanted to take a bath.

But the Soviet leader and other Communist bigwigs stared at the Italian film star stalked out of Moscow's Lenin Stadium Sunday night just when the show was warming up.

Gina, who had been rushed to the stadium direct from the airport, said the whole thing apparently was a misunderstanding.

"I wasn't angry, just upset," she told reporters later in her hotel room (after taking a bath). "I was very sure they would understand when I left."

As for Khrushchev, Gina said: "I had the pleasure to see Khrushchev. This is something exciting, even from far away."

Though one of the top foreign attractions here for the festival, Gina had only a third-row seat in the audience.

Gina looked lovely—but hardly dressed like glamorous actresses usually do for gala public appearances. She wore a tall blue straw hat and two-piece blue traveling suit.

In her own words, "I looked like a gypsy."

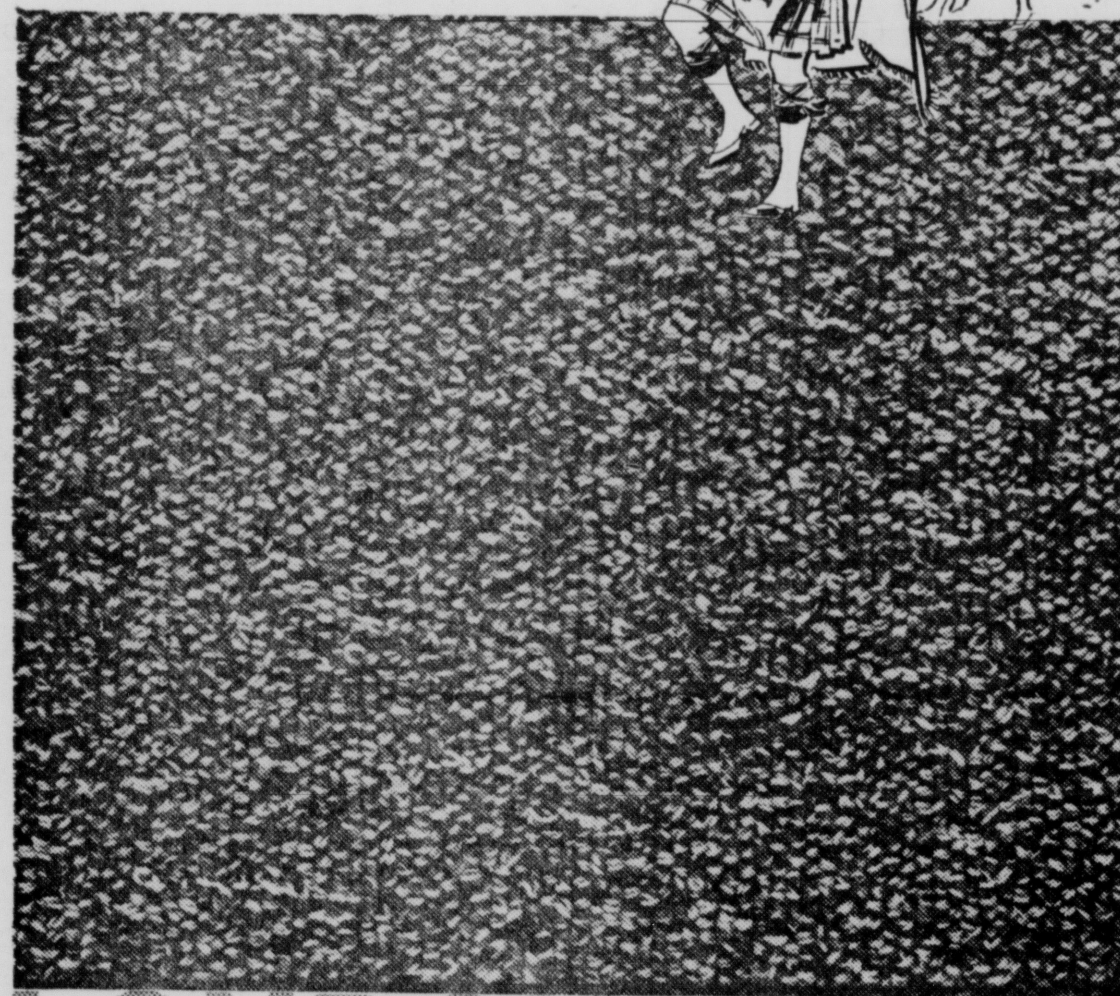

CHASING ITS TAIL—Here's what the newest thing in hotdogs looks like at the American Kosher Provision Company, Brooklyn, N.Y. The round weenie is the first change since it was imported from Germany more than half a century ago. It just fits in a bagel (lower).

Monument Is Dedicated To Newsmen of Civil War

By H. D. CRAWFORD
Central Press Association
Correspondent

WASHINGTON — Newspaper correspondents and artists risked their lives on Civil War battle fronts to report news of fighting troop movements, and heroic exploits to their fellow Americans, both North and South.

These brave warriors of pen and brush have been honored since 1896 by an imposing monument at Crampton's Gap atop Maryland's South Mountain only a few miles from Harper's Ferry and the Antietam battlefield. Maryland's Gov. J. Millard Tawes has proclaimed this memorial a National Newspaper Hall of Fame.

The Civil War centennial gives this memorial a new importance as travelers and historians turn back to words, paintings and photographs recorded by the men who covered the battle-front action. The Correspondent's Memorial stands in Gaithland State Park, believed to be the world's only park dedicated to newspaper writers.

Recovery Signs Are Clear

All signs of business recovery are now clear and strong except consumer buying intentions. Telling that story is the installment credit record.

During the first quarter of this year installment credit dropped to an annual rate of \$46.7 billion — down 5 per cent from the final quarter of 1960 and 11 per cent below the record rate of \$52.3 billion during the second quarter last year.

Arguing for a swift upsurge of installment buying, now that there is more confidence, is that repayment of installment credit has been exceeding new credit. Consumers have been reducing their debt

"inventory", just as merchants reduce their inventories preparatory to laying in new supplies.

This expectation is back of the lively prospect for automobile sales this year and outlook for sales of other consumer goods. A family loaded down with weekly or monthly payments is not likely to go on many shopping tours until its credit position improves.

Improvement of installment credit during recent months points to restoration of retail business to full health in the months ahead.

New Stenographer—a Tonic

NEW YORK (AP) — Nothing stirs the average office out of its usual summer doldrums more than the hiring of a new stenographer.

This is particularly so if the girl is pretty, and engineered like an adolescent's dream. Her arrival creates more excitement than anything since management surrendered unconditionally to the coffee break.

For a time she is more popular than the water cooler.

The career wolves and the seasonal bachelors converge on her desk from all corners. Everybody suddenly needs to borrow a pencil, some paper clips, an extra typewriter ribbon—any excuse to get acquainted.

The fact the new girl can type only 25 words a minute under full steam worries nobody but the boss.

Here is the impact she has on some of the office characters:

The office boy—He comes in 15

minutes early so he can slip unnoticed on her desk a rose he has stolen from a neighbor's bush and wrapped in a poem he spent half the night writing. (The quality of his verse is so poor the new girl suspects the boss himself wrote it.)

The hypochondriac—His idea of courtship is to lend her some of his medicines. "Try this new miracle pill," he urges. "It came out only last week, and it made me feel wonderful."

The junior executive—He hasn't dictated a letter in months, but now he suddenly develops a heavy correspondence. He even writes letters to strangers in the phone book, just so he can spend more time with the new girl.

The fatherly bookkeeper — "A young girl like you has to be pretty careful these days," he murmurs, clutching her hands in his. "You can't believe a word some of these jokers tell you, but you can trust me."

The boss's spinster secretary—

"Everybody talks about how young she is," she tells her cronies spitefully. "But she isn't all that young."

But the romantic ardor that swept the office dies down as abruptly as it arose. For after three months the new girl announces she is leaving to marry the boy back home. Everyone has to dig down to buy her some farewell gifts—which include a bottle of tranquilizers from the hypochondriac. His last words: "Honeymoons can be so tense."

All then wait expectantly to see what the next new girl will look like. She turns out to have a shape like the Pentagon, a face like a tornado and hair like Harpo Marx. But she can type 75 words a minute blindfolded—which, after all, is how she looks best.

"Now," growls the boss, "maybe we'll get some work done around this place!" Maybe.

Citizens Should Be Superior

All the excitement that the Pitney-Bowes Company has made about what should and should not be stamped by their meters, reduces itself to the amusing when the government uses the meters for political statements, while both the Post Office and the meter company reject private controversial statements. Since when, under our Constitution, is the Administration superior to the citizens who elected it to office?

I have an envelope with a slogan on it bearing the wisdom: "Only you can hold down inflation."

That is absolute nonsense. How can a citizen hold down inflation when his government is actively engaged in fomenting inflation? In fact, the Administration has not advertised its opposition to the Milt Bill, an inflationary measure. This inflationary proposal is supported by a faction of New York bankers who have been converted from hard to soft money because of their large holdings of government bonds.

There are two concepts about inflation: 1. Those who believe that the government should keep down expenses, strengthen the dollar, making its purchasing power greater; 2. Those who believe that the solution to our current fiscal difficulties is to substitute fiat money for sound money; to use the printing press more freely, thus keeping labor happy by supplying it with more dollars, which though worthless, give a "feeling" of having more, of being, in fact, rich.

No matter which contention one believes to be right, the control of money, the velocity of its movement and the value of its purchasing power is within the control of government either through the Federal Reserve System or the Treasury. The individual is helpless against the decisions of these bodies. He cannot make his own money; he cannot privately determine the value of his money. He is captive of decisions made for him by these agencies.

What then is the meaning of the slogan: "Only you can hold down inflation"? Actually, it can only mean that you, whoever you may be, should postpone buying except necessities. That would be a sound way for private citizens to hold down inflation.

But what would become of employment in this country if the people entered upon a program of postponed buying? Suppose instead of buying a car every other year, we bought one every seventh year. What would happen to the automobile, the steel, the glass, the nylon, the rubber-tire worker? What would happen to the butcher, the grocer, the baker who supplies these people? In a word, the private citizen cannot hold down inflation except by postponed buying, or perhaps, whoever invented this slogan lies that the worker should voluntarily lower

his wages; that the landlord should voluntarily lower his rents, that the farmer should sell his produce for whatever he can get, flooding the world market with his goods.

In a word, what the inventor of this slogan wants us to do is to lift all the controls of the economy of the nation. He favors cancelling out Roosevelt's New Deal and accepting the more capitalistic concepts of Herbert Hoover. If his is the thinking of the United States Treasury, the citizens should be told that the Kennedy Administration has gone that way, although no one would believe such an announcement in the year 1961.

Therefore we must accept the slogan not only as controversial but false. If the Post Office objects to false slogans and the Pitney-Bowes Company seeks to

enforce the Post Office censorship of envelope ideologies, a special censor ought to be established to look at the stuff the government puts out. Some of it is quite controversial.

But since when is controversy bad? It would appear that in a free society, argument, debate, controversy is the stuff that safeguards freedom, whereas conformity makes for intellectual paralysis. If the Post Office will censor newspaper and magazines which pass through the mails and the FCC will censor radio and television, it is very easy to end the freedom of men, to force them into slavery to government.

This nation was born in freedom. It developed in freedom. If freedom dies the nation will die. There can be no mistake about that.

DECLARED DISASTER AREA—Cattle seek vainly for water holes near Bismarck, N.D., as the government declared all of North Dakota a drought disaster area. Due to long rainless periods and a grasshopper invasion ranchers in the northern Great Plains region are facing their most serious crisis in 25 years. Grain field crops were so short from lack of moisture that the farmers couldn't afford the money to fight grasshoppers.

NOTICE OF PUBLIC HEARING ON TAX BUDGET

Man Sees 'Prowler' Fatally Hurts Daughter

DETROIT (AP) — Arletha Payton, 15, of Detroit, died Friday of wounds suffered June 28 when her father mistook her for a prowler and shot her on the back porch of the family home. Arletha had gone to the porch during the night to cool off. The day had been hot.

The father, Jesse Payton, 59, said he heard noises from the porch, loaded his 16 gauge shotgun and fired at a shadow on the porch screen. Police agreed the shooting was accidental.

"If we could get along on as little money in the first half of the month as we do in the last half, we'd be rich."

'SNAPPING AT AMERICA'S HEELS'—Speaking at a ceremonial 40th anniversary of the presidium of the Central Committee of the Kazakhstan Communist Party and the Supreme Soviet in Alma Ata, Soviet Premier Nikita Khrushchev (left) proclaims the Soviet Union's economy has raced past England and France and now is "snapping at the heels of America." (Radiophoto)

Inside You and Yours

By BURTON H. FERN, M.D.
With pills that paralyze kidneys, you can flush high blood pressure and heart failure down the drain!

How?
In each kidney thousands of filters strain fluid squeezed from tangled knots of tiny blood vessels. Every day, 27 gallons pour through these filters into magic microscopic tubing.

Here, invisible chemical magnets draw minerals back into the blood stream. Water has to flow back, to, to keep your blood from thickening into reddish sludge.

Like doctors, each magnet is a specialist. Medicines that paralyze key magnets can lock extra salt and water inside the tubing. Trapped, this fluid has to pour out the kidneys and down the drain.

And so you can easily lose that extra salt and water which builds up in the system when you have high blood pressure or heart failure. As the bladder works overtime, blood pressure plummets, swelling melts and you can catch your breath once again.

You probably recognize these kidney-paralyzing drugs as old-time "kidney stimulants". The chemicals in coffee and tea are two of the oldest.

But no pill ever worked so well with so few side effects as today's thiazide medicines. They can ease that heaviness and tension brought on by female hormones just before each menstrual flow or during those nine expectant months.

Glaucoma's painful pressure eases when fluid from that jam-packed eyeball floats down the drain.

Daily thiazide pills can dry up water on the brain and keep you from staggering like a drunken sailor when extra fluid is crammed into tiny bony tubing inside the ear (Meniere's Disease). When pressure builds in these semi-circular tubes, you can't walk a straight line.

Because thiazides are so safe, doctors sometimes prescribe them to fatten morale during hard days of dieting. Now you, too, can lose up to 5 pounds in the first three days — even if it is all salt and water!

Dr. Fern's mailbox is wide open for letters from readers. While he cannot undertake to answer individual letters, he will use readers' questions in his column whenever possible and when they are of general interest. Address your letters to Dr. Fern in care of this newspaper.

Looking Back in Pickaway County

FIVE YEARS AGO
The Ohio Department of Highways was conducting a dual traffic survey in the Circleville area to measure the effects of the Route 23 bypass that was under construction.

The Business World

NEW YORK (AP)—Translating business recovery into terms of larger profits is proving tough for many companies. And the stock market is paying increasing attention to their struggles.

Early reports on earnings in the first half of the year show 1961 net income still trailing 1960 at about the same rate as in the disappointing first quarter before the recession corner had been turned officially.

Many companies hope for a better second half, based on expectations of larger sales. But a goodly proportion concede that production costs continue to rise. Stiff competition is weakening prices in some industries. And both trends bafleg the profit outlook.

Even the banks have now joined the parade of profit faltering after generally showing rising earnings right through the recession. Most of the nation's largest banks report a drop in earnings in the first half, compared with a year ago. They blame a dip in interest yields on loans and other investments as well as rising operating costs.

The nation's railroads have been among the hardest hit by the recession. Its effects still plague the eastern lines particularly. They serve the large industrial areas where increasing pro-

duction is just starting to mean more freight movement. Some lines have operated in the red until recently.

The Association of American Railroads estimates that the Class roads (those with operating revenues of \$3 million or more a year) had combined net income of \$17 million in the first five months of the year, compared with \$195 million in the like 1960 period. A slightly better June should lessen the gap for the full six months.

Nonfinancial corporations heard from so far are mostly those with fiscal years closing earlier than the calendar year. Their first half results thus are short one or more months of the general recovery period. But their tightened profit margins are nonetheless interesting to their stockholders and to the U.S. Treasury, which will see in declining profits a portent of loss of receipts from corporate income taxes.

The first 112 nonfinancial companies to report for their six months show 61 with earnings trailing the like 1960 period, and 12 operating at a loss, compared to 10 in the previous year.

Combined the 112 cleared \$243,500,000 in this six months period, compared with \$285,016,000 a year ago, for a decline of 14.5 per cent.

By Sam Dawson

Some industries are touched by the recovery less than others. But as usual, individual companies within industries go their separate ways.

It's a thoroughly scrambled list, with almost as many reasons for the variations as there are companies.

But the totals lean to the downside and are still waiting for the general business recovery to beef up the profit margins.

Letter to The Editor

To The Editor:
The "Worried American" who wrote a letter to The Herald on the subject of Communism has due cause for anxiety but it is at least heartening to note that there is a spark of awareness in our community of this diabolical scheme which is being perpetrated against the United States and the people of the world.

Like the "Worried American" I have noticed the laxity and seeming disregard with which people treat the threat of this black scourge and I marvel at their detachment.

In May of this year one of our local churches advertised and showed a film describing the Communists' ambitions for our country and world domination. The film was narrated by an internationally-known authority on Communism, Dr. Fred Swartz. Outside the regular Sunday evening congregation, the group of other interested and "worried Americans" must not have numbered more than five!

We Americans are a fun-loving people but we also have our serious side. Could it be — due to some false diagnosis of the situation — that we think our ignoring the malignancy will cause to dissolve and disappear?

I suggest that this is no more likely than the possibility of Red China's disappearing into thin air merely for the lack of recognition.

The Cold War is a drama of hot agitations and cool deceptions being staged all over the globe and we here in Central Ohio are no farther apart from it than our ignorance allows us to be. Let us dare to be informed on the evils of this atheistic doctrine so that we can combat it through intelligent recognition of its fronts and "causes."

Communists are as devoted to the propagation of their doctrine as the most ardent crusader and their blind faith is openly avowed techniques of subversion and distortion which they use to espouse the sentiments of the uninformed to the cause.

The Marxist dialectics permit them to shilly-shally and shift from one direction to another according to the dictates of the party whose sole purpose is to provide a training school for dictators.

Americans, too, are devoted, but to the cause of freedom. They have proved their willingness to sacrifice themselves for it in two major wars. We cannot, however, permit ourselves to be a napping giant awaiting the thunder of another global conflict before arising.

Democracy is one of the greatest human achievements and we must be alert to the dangers that threaten it in order to keep it.

Recovery Signs Are Clear

All signs of business recovery are now clear and strong except consumer buying intentions. Telling that story is the installment credit record.

During the first quarter of this year installment credit dropped to an annual rate of \$46.7 billion — down 5 per cent from the final quarter of 1960 and 11 per cent below the record rate of \$52.3 billion during the second quarter last year.

Arguing for a swift upsurge of installment buying, now that there is more confidence, is that repayment of installment credit has been exceeding new credit. Consumers have been reducing their debt

New Stenographer—a Tonic

NEW YORK (AP) — Nothing stirs the average office out of its usual summer doldrums more than the hiring of a new stenographer.

This is particularly so if the girl is pretty, and engineered like an adolescent's dream. Her arrival creates more excitement than anything since management surrendered unconditionally to the coffee break.

For a time she is more popular than the water cooler.

The career wolves and the seasonal bachelors converge on her desk from all corners. Everybody suddenly needs to borrow a pencil, some paper clips, an extra typewriter ribbon—any excuse to get acquainted.

The fact the new girl can type only 25 words a minute under full steam worries nobody but the boss.

Here is the impact she has on some of the office characters:

The office boy—He comes in 15

minutes early so he can slip unnoticed on her desk a rose he has stolen from a neighbor's bush and wrapped in a poem he spent half the night writing. (The quality of his verse is so poor the new girl suspects the boss himself wrote it.)

The hypochondriac—His idea of courtship is to lend her some of his medicines. "Try this new miracle pill," he urges. "It came out only last week, and it made me feel wonderful."

The junior executive—He hasn't dictated a letter in months, but now he suddenly develops a heavy correspondence. He even writes letters to strangers in the phone book, just so he can spend more time with the new girl.

The fatherly bookkeeper — "A young girl like you has to be pretty careful these days," he murmurs, clutching her hands in his. "You can't believe a word some of these jokers tell you, but you can trust me."

The boss's spinster secretary—

"Everybody talks about how young she is," she tells her cronies spitefully. "But she isn't all that young."

But the romantic ardor that swept the office dies down as abruptly as it arose. For after three months the new girl announces she is leaving to marry the boy back home. Everyone has to dig down to buy her some farewell gifts—which include a bottle of tranquilizers from the hypochondriac. His last words: "Honeymoons can be so tense."

All then wait expectantly to see what the next new girl will look like. She turns out to have a shape like the Pentagon, a face like a tornado and hair like Harpo Marx. But she can type 75 words a minute blundered—which, after all, is how she looks best.

"Now," growls the boss, "maybe we'll get some work done around this place!"

Maybe.

By Hal Boyle

Citizens Should Be Superior

All the excitement that the Pitney-Bowes Company has made about what should and should not be stamped by their meters, reduces itself to the amusing when the government uses the meters for political statements, while both the Post Office and the meter company reject private controversial statements. Since when, under our Constitution, is the Administration superior to the citizens who elected it to office?

I have an envelope with a slogan on it bearing the wisdom: "Only you can hold down Inflation."

That is absolute nonsense. How can a citizen hold down inflation when his government is actively engaged in fomenting inflation? In fact, the Administration has not advertised its opposition to the Multer Bill, an inflationary measure. This inflationary proposal is supported by a faction of New York bankers who have been converted from hard to soft money because of their large holdings of government bonds.

There are two concepts about inflation: 1. Those who believe that the government should keep down expenses, strengthen the dollar, making its purchasing power greater; 2. Those who believe that the solution to our current fiscal difficulties is to substitute fiat money for sound money; to use the printing press more freely, thus keeping labor happy by supplying it with more dollars, which though worthless, give a "feeling" of having more, of being, in fact, rich.

No matter which contention one believes to be right, the control of money, the velocity of its movement and the value of its purchasing power is within the control of government either through the Federal Reserve System or the Treasury. The individual is helpless against the decisions of these bodies. He cannot make his own money; he cannot privately determine the value of his money. He is captive of decisions made for him by these agencies.

What then is the meaning of the slogan: "Only you can hold down Inflation"? Actually, it can only mean that you, whoever you may be, should postpone buying except necessities. That would be a sound way for private citizens to hold down inflation.

But what would become of employment in this country if the people entered upon a program of postponed buying? Suppose instead of buying a car every other year, we bought one every seventh year. What would happen to the automobile, the steel, the glass, the nylon, the rubber-tire worker? What would happen to the butcher, the grocer, the baker who supplies these people? In a word, the private citizen cannot hold down inflation except by postponed buying, or perhaps, whoever invented this slogan lives that the worker should voluntarily lower

DECLARED DISASTER AREA—Cattle seek vainly for water holes near Bismarck, N. D., as the government declared all of North Dakota a drought disaster area. Due to long rainless periods and a grasshopper invasion ranchers in the northern Great Plains region are facing their most serious crisis in 25 years. Grain field crops were so short from lack of moisture that the farmers couldn't afford the money to fight grasshoppers.

NOTICE OF PUBLIC HEARING ON TAX BUDGET

Two copies of the Tax Budget as tentatively adopted for the Village of Tilton in Pickaway County, Ohio, are on file in the office of the Clerk of said village. These are for public inspection; and a Public Hearing on said Budget will be held at the Mayor's office in said village, on Wednesday the 19th day of July, 1961, at 8:00 o'clock P. M.

Man Sees 'Prowler' Fatally Hurts Daughter

DETROIT (AP) — Arletha Payton, 15, of Detroit, died Friday of wounds suffered June 28 when her father mistook her for a prowler and shot her on the back porch of the family home. Arletha had gone to the porch during the night to cool off. The day had been hot.

The father, Jesse Payton, 59, said he heard noises from the porch, loaded his 16 gauge shotgun and fired at a shadow on the porch screen. Police agreed the shooting was accidental.

Inside You and Yours

By BURTON H. FERN, M.D.

With pills that paralyze kidneys, you can flush high blood pressure and heart failure down the drain!

How?

In each kidney thousands of filters strain fluid squeezed from tangled knots of tiny blood vessels. Every day, 27 gallons pour through these filters into magic microscopic tubing.

Here, invisible chemical magnets draw minerals back into the blood stream. Water has to flow back, to keep your blood from thickening into reddish sludge.

Like doctors, each magnet is a specialist. Medicines that paralyze key magnets can lock extra salt and water inside the tubing. Trapped, this fluid has to pour out the kidneys and down the drain.

And so you can easily lose that extra salt and water which builds up in the system when you have high blood pressure or heart failure. As the bladder works overtime, blood pressure plummets, swelling melts and you can catch your breath once again.

You probably recognize these kidney-paralyzing drugs as old-time "kidney stimulants". The chemicals in coffee and tea are two of the oldest.

But no pill ever worked so well with so few side effects as today's thiazide medicines. They can ease that heaviness and tension brought on by female hormones just before each menstrual flow or during those nine expectant months.

Glaucoma's painful pressure eases when fluid from that jam-packed eyeball floats down the drain.

Daily thiazide pills can dry up water on the brain and keep you from staggering like a drunken sailor when extra fluid is crammed into tiny bony tubing inside the ear (Meniere's Disease). When pressure builds in these semicircular tubes, you can't walk a straight line.

Because thiazides are so safe, doctors sometimes prescribe them to fatten morale during hard days of dieting. Now you, too, can lose up to 5 pounds in the first three days — even if it is all salt and water!

Dr. Fern's mailbox is wide open for letters from readers. While he cannot undertake to answer individual letters, he will use readers' questions in his column whenever possible and when they are of general interest. Address your letters to Dr. Fern in care of this newspaper.

WHITE HOUSE 'MUSEUM'—A progress report on Mrs. Jacqueline Kennedy's program for transforming the White House into a museum of early American fine arts and cabinetry finds these items among the installations. They were among possessions of President James Monroe, elected in 1816 and re-elected in 1820. The White House curator dug the silverware out of storage.

Bellenge armchair, part of the original suite ordered by President James Monroe for the Blue Room, is a gift of Catherine Bohlen of Villanova, Pa.

Two sets knives, 36 each, one with vermeil and mother of pearl handles, the other all vermeil; pierced vermeil serving spoons; heavy vermeil soup spoons.

DISCHARGED—This familiar sight, a blimp at Lakehurst, N.J., mooring mast, is disappearing from the American scene with decision of the U.S. Navy to discontinue its lighter-than-air craft. Some still say they're best for anti-submarine work, but helicopters have finessed them out of business. Shutdown is scheduled to be completed by December.

How Weather Looks Today

COLUMBUS, Ohio (AP) — Official Weather Bureau summary of Ohio's weather outlook:

Ohio weekend weather was quite sunny and pleasant during most of the daytime hours, while night-time skies were mostly clear and temperatures were quite cool, approaching or bettering some previous low temperature records for this time of year.

Sunday morning, Cleveland and Toledo with 45 degrees reported record low temperatures for the month of July, while Columbus established a record low temperature for the date of 51, bettering a mark of 52 which had stood since 1956.

This morning, Columbus equalled a record low of 50 which had held since 1895.

Some early morning temperatures around the state were Zanesville and Toledo 45, Akron 55, Cincinnati 56 and Youngstown 54.

Ohio's weather for the next day or so will continue to be dominated by a large high pressure cell now centered over the Plains States. Temperatures will rise slowly until showers and a return to cooler weather takes place about mid-week.

OHIO FIVE DAY FORECASTS
NORTHERN OHIO — Temperatures will average four to six degrees below normal. Normal high 83-86, normal low 61-66. Warm Tuesday, turning cooler Wednesday, then warming about Saturday. Precipitation will average about one-quarter to one-half inch in showers or thundershowers about Wednesday.

SOUTHERN & CENTRAL OHIO — Temperatures will average three to six degrees below normal. Normal high 87, normal low 63. A slow warming trend until turning cooler about Thursday or Friday. Rain fall will average one-quarter to one-half inch in showers about Wednesday night or Thursday.

Records show that Darling was arrested on a charge of intoxication and later was charged with resisting arrest. A municipal court jury could not reach a verdict on the resisting arrest charge.

Darling alleges he was totally disabled nine months, lost \$3,000 in earnings and incurred medical bills of \$717.

Jan. 24, 1960.
Darling's petition names Patrolman Lang Laytart and Police Chief D. Vaidon Long and the city of Washington Court House.

His petition claims that "Laytart willfully . . . and wrongfully drew his revolver and shot plaintiff in the right arm while he was being placed in a jail cell."

WASHINGTON COURT HOUSE, Ohio (AP)—A Washington Court House man has filed a \$78,728 damage suit against two city policemen and the city itself.

Franklin E. Darling, 27, who was injured by a bullet from a policeman's revolver, filed the action in Fayette County Common Pleas Court. The incident occurred

Glitter Due To Highlight New Fashions

NEW YORK (AP) — Sparkle for breakfast—twinkle for lunch—glitter for dinner—and shimmer to sleep in.

That's the fashion fare the International Silk Association served here Sunday night at the dinner which opened fashion press week activities sponsored by the New York Couture Group.

More than 200 of the nation's fashion editors scribbled furiously as they sampled from a smorgasbord of costumes in silk.

Many were by couturiers Scassi, Sarmi, Vera Maxwell and Norman Norell, of New York, as well as Californians Werle, Irene and Gustave Tassell — designers who do not ordinarily preview their collections during the couture group members' semi-annual press week.

Nevertheless the costumes by any designer's name were much the same in terms of elegance with emphasis placed on the fabric rather than the dress silhouette.

Most of the dresses were decorated as if they were expensive Yule cards. For example, a splash of glitter garnished the neckline of a floaty pink cloud of a housecoat designed by Christian Dior to go with breakfast toast and coffee.

And Sarmi, Scassi and Esteves generously sprinkled silvery snow flakes on candy colored chiffon, satin and georgette costumes for teatime wear. For evening everyone went all out for sequins, beads and crystals.

Man Taken to Berger

Emmitt Ankrom, 140 York St., was taken to Berger Hospital at 4 a. m. today by the Circleville Fire Department emergency ambulance. He told firemen he was suffering from an asthmatic condition.

Business Gets Slow Start In Second Half of 1961

NEW YORK (AP) — Business got off to a slow start down the 1961 second-half trail during the week. Nevertheless, hopes of improvement in the next six months held high.

The Fourth of July holiday and the usual summer slackening of business activity combined to put on the brakes.

Steel and automobile production dropped off.

Output in the steel industry dipped for the sixth straight week. June production was about 8.5 million tons, down around 550,000 tons from May.

With steel orders from the automobile industry off because of approaching model changeovers, July figures are expected to be about 10 per cent below June. However, the industry expects a strong rebound in August and September on a step-up in purchases by automakers.

This, of course, is predicated on the anticipation that there will be no auto strike. Negotiations between the automobile companies and the United Auto Workers Union are proceeding at an uneventful pace.

Output of cars during the week dropped to an estimated 86,000 units, compared with 125,395 the previous week. Only one more full week of 1961 model production remains.

In the first six months of this year, 2,736,719 cars were built, off 28.2 per cent from the 3,809,476 turned out in the 1960 first half.

Two big investment firms came out with optimistic predictions about business in the second half.

The National Securities & Research Corp. forecast that the Federal Reserve Board index of industrial production will reach an unprecedented rate.

The One William Street Fund, Inc., said it expects a steady upturn to be climaxed in the fourth quarter. Among industries it ex-

pects to benefit particularly are steel, metals, industrial equipment, electrical and electronics manufacturers and automotive.

The employment picture continued to improve but the unemployment situation remained sour.

The number of people working reached a new peak of 68.7 million in June, up 1.9 million over a month earlier.

Sales on the New York Stock Exchange in the latest week dropped to 11,964,700 shares from 13,554,210 the week before. Bond sales this week on the stock exchange totaled \$26,799,000 (par

value) against \$25,435,400 a week earlier.

Improvement was substantial in the iron and steel industry, where 41,098 more workers were employed in May than in January. Armco Steel Corp., for example, reported that the last of its 1,164 furloughed workers had been called back.

Unemployment, swelled by 900,000 job-seeking teenagers just out of school, showed an increase of 800,000 in June over May. The total of 5.6 million jobless was the highest for any June since before World War II.

Shipping got back to normal under agreements between owners and some striking unions and a Taft-Hartley injunction which compelled other unions to go back to work.

New business indicators included:

The Commerce Department raised its estimate of total 1961 construction by \$500 million to \$57.8 billion, up 4 per cent from last year.

Consumers added \$27 million to their instalment debt in May, contrasting with a decline of \$139 million in April. The total was \$42.1 billion.

Redemptions of savings bonds in June exceeded sales for the third month in a row, indicating better consumer spending attitudes.

Business inventories at the end of May totaled \$91.3 billion, a gain of \$100 million in a month.

Briefly around the business scene: Commonwealth Edison Co. of Chicago plans to spend \$720 million for equipment and construction of generating facilities in the next five years . . . Drive-in theaters have increased from 1,200 in 1949 to 5,140 while indoor theaters have declined from 17,000 to 11,200 . . . The Flying Tiger line is scheduled to put into service this month an airplane capable of hauling 65,000 pounds of cargo.

CHYREL JOLLS, 15, is shown in custody in Buffalo, N.Y., in the drowning killing of little Andrew Ashley. She was identified by two other small children as the "woman" who tied them up and left them along railroad tracks, and she is alleged to have phoned police where Andrew's body would be found before they found it.

Lawsuit Filed against Police Officers, City

WASHINGTON COURT HOUSE, Ohio (AP)—A Washington Court House man has filed a \$78,728 damage suit against two city policemen and the city itself.

Franklin E. Darling, 27, who was injured by a bullet from a policeman's revolver, filed the action in Fayette County Common Pleas Court. The incident occurred

Jan. 24, 1960.
Darling's petition names Patrolman Lang Laytart and Police Chief D. Vaidon Long and the city of Washington Court House.

His petition claims that "Laytart willfully . . . and wrongfully drew his revolver and shot plaintiff in the right arm while he was being placed in a jail cell."

WHITE HOUSE 'MUSEUM'—A progress report on Mrs. Jacqueline Kennedy's program for transforming the White House into a museum of early American fine arts and cabinetry finds these items among the installations. They were among possessions of President James Monroe, elected in 1816 and re-elected in 1820. The White House curator dug the silverware out of storage.

Bellage armchair, part of the original suite ordered by President James Monroe for the Blue Room, is a gift of Catherine Bohlen of Villanova, Pa.

Two sets knives, 36 each, one with vermeil and mother of pearl handles, the other all vermeil; pierced vermeil serving spoons; heavy vermeil soup spoons.

DISCHARGED—This familiar sight, a blimp at Lakehurst, N.J., mooring mast, is disappearing from the American scene with decision of the U.S. Navy to discontinue its lighter-than-air craft. Some still say they're best for anti-submarine work, but helicopters have finessed them out of business. Shutdown is scheduled to be completed by December.

How Weather Looks Today

COLUMBUS, Ohio (AP) — Official Weather Bureau summary of Ohio's weather outlook:

Ohio weekend weather was quite sunny and pleasant during most of the daytime hours, while nighttime skies were mostly clear and temperatures were quite cool, approaching or bettering some previous low temperature records for this time of year.

Sunday morning, Cleveland and Toledo with 45 degrees reported record low temperatures for the month of July, while Columbus established a record low temperature for the date of 51, bettering a mark of 52 which had stood since 1956.

This morning, Columbus equalled a record low of 50 which had held since 1895.

Some early morning temperatures around the state were Zanesville and Toledo 45, Akron 55, Cincinnati 56 and Youngstown 54.

Ohio's weather for the next day or so will continue to be dominated by a large high pressure cell now centered over the Plains States. Temperatures will rise slowly until showers and a return to cooler weather takes place about mid-week.

OHIO FIVE DAY FORECASTS
NORTHERN OHIO — Temperatures will average four to six degrees below normal. Normal high 83-86, normal low 61-66. Warm Tuesday, turning cooler Wednesday, then warming about Saturday. Precipitation will average about one-quarter to one-half inch in showers or thundershowers about Wednesday.

SOUTHERN & CENTRAL OHIO — Temperatures will average three to six degrees below normal. Normal high 87, normal low 63. A slow warming trend until turning cooler about Thursday or Friday. Rain fall will average one-quarter to one-half inch in showers about Wednesday night or Thursday.

Records show that Darling was arrested on a charge of intoxication and later was charged with resisting arrest. A municipal court jury could not reach a verdict on the resisting arrest charge.

Darling alleges he was totally disabled nine months, lost \$3,000 in earnings and incurred medical bills of \$717.

Jan. 24, 1960.

His petition claims that "Laytart willfully . . . and wrongfully drew his revolver and shot plaintiff in the right arm while he was being placed in a jail cell."

WASHINGTON COURT HOUSE, Ohio (AP)—A Washington Court House man has filed a \$78,723 damage suit against two city policemen and the city itself.

Franklin E. Darling, 27, who was injured by a bullet from a policeman's revolver, filed the action in Fayette County Common Pleas Court. The incident occurred

Glitter Due To Highlight New Fashions

NEW YORK (AP) — Sparkle for breakfast—twinkle for lunch—glitter for dinner—and shimmer to sleep in.

That's the fashion fare the International Silk Association served here Sunday night at the dinner which opened fashion press week activities sponsored by the New York Couture Group.

More than 200 of the nation's fashion editors scribbled furiously as they sampled from a smorgasbord of costumes in silk.

Many were by couturiers Scassi, Sarmi, Vera Maxwell and Norman Norell, of New York, as well as Californians Werle, Irene and Gustave Tassell — designers who do not ordinarily preview their collections during the couture group members' semi-annual press week.

Nevertheless the costumes by any designer's name were much the same in terms of elegance with emphasis placed on the fabric rather than the dress silhouette.

Most of the dresses were decorated as if they were expensive Yule cards. For example, a splash of glitter garnished the neckline of a floaty pink cloud of a housecoat designed by Christian Dior to go with breakfast toast and coffee.

And Sarmi, Scassi and Esteves generously sprinkled silvery snow flakes on candy colored chiffon, satin and georgette costumes for teatime wear. For evening everyone went all out for sequins, beads and crystals.

Man Taken to Berger

Emmitt Ankrom, 140 York St., was taken to Berger Hospital at 4 a. m. today by the Circleville Fire Department emergency ambulance. He told firemen he was suffering from an asthmatic condition.

Business Gets Slow Start In Second Half of 1961

NEW YORK (AP) — Business got off to a slow start down the 1961 second-half trail during the week. Nevertheless, hopes of improvement in the next six months held high.

The Fourth of July holiday and the usual summer slackening of business activity combined to put on the brakes.

Steel and automobile production dropped off.

Output in the steel industry dipped for the sixth straight week. June production was about 8.5 million tons, down around 550,000 tons from May.

With steel orders from the automobile industry off because of approaching model changeovers, July figures are expected to be about 10 per cent below June. However, the industry expects a strong rebound in August and September on a step-up in purchases by automakers.

This, of course, is predicated on the anticipation that there will be no auto strike. Negotiations between the automobile companies and the United Auto Workers Union are proceeding at an uneven pace.

Output of cars during the week dropped to an estimated 86,000 units, compared with 125,395 the previous week. Only one more full week of 1961 model production remains.

In the first six months of this year, 2,736,719 cars were built, off 28.2 per cent from the 3,809,476 turned out in the 1960 first half.

Two big investment firms came out with optimistic predictions about business in the second half.

The National Securities & Research Corp. forecast that the Federal Reserve Board index of industrial production will reach an unprecedented rate.

The One William Street Fund, Inc., said it expects a steady upturn to be climaxed in the fourth quarter. Among industries it ex-

pects to benefit particularly are steel, metals, industrial equipment, electrical and electronics manufacturers and automotive.

The employment picture continued to improve but the unemployment situation remained sour.

The number of people working reached a new peak of 68.7 million in June, up 1.9 million over a month earlier.

Sales on the New York Stock Exchange in the latest week dropped to 11,964,700 shares from 13,554,210 the week before. Bond sales this week on the stock exchange totaled \$26,799,000 (par

value) against \$25,435,400 a week earlier.

Improvement was substantial in the iron and steel industry, where 41,098 more workers were employed in May than in January. Armco Steel Corp., for example, reported that the last of its 1,164 furloughed workers had been called back.

Unemployment, swelled by 900,000 job-seeking teen-agers just out of school, showed an increase of 800,000 in June over May. The total of 5.6 million jobless was the highest for any June since before World War II.

Shipping got back to normal under agreements between owners and some striking unions and a Taft-Hartley injunction which compelled other unions to go back to work.

New business indicators included:

The Commerce Department raised its estimate of total 1961 construction by \$500 million to \$57.8 billion, up 4 per cent from last year.

Consumers added \$27 million to their installment debt in May, contrasting with a decline of \$139 million in April. The total was \$42.1 billion.

Redemptions of savings bonds in June exceeded sales for the third month in a row, indicating better consumer spending attitudes.

Business inventories at the end of May totaled \$91.3 billion, a gain of \$100 million in a month.

Briefly around the business scene: Commonwealth Edison Co. of Chicago plans to spend \$720 million for equipment and construction of generating facilities in the next five years . . . Drive-in theaters have increased from 1,200 in 1949 to 5,140 while indoor theaters have declined from 17,000 to 11,200 . . . The Flying Tiger line is scheduled to put into service this month an airplane capable of hauling 65,000 pounds of cargo.

It's the Look To Achieve When the Weather's Warm

Summertime, and the living's not breezy. Would that it were! It's hot and humid and who can look cool and feel comfortable? You can!

To be sure, it takes some doing but it can be managed if you put your mind to it.

Beating the Heat

How Here are a few tips on beating the heat:

1. Walk, do not rush! Keep your pace slow but steady.

2. Start the day with a refreshing shower and wind it up in the same cooling way.

Comfortable Clothes

3. Dress comfortably. Avoid tight-fitting clothes. Wear light fabrics that fit loosely.

4. Think cool. Don't concentrate

Old Fashioned Weddings Are Most Popular

Midsummer weddings have become more and more popular in recent years, due to the fact that many graduations and degrees are given to students a little later than the usual ending of the college term.

Special courses often require added weeks of work, and the boy and girl who are studying for extra credits find themselves still at their university until the end of June or early July.

No Glamour Lost

Though prolonging of the college term may somewhat delay plans for nuptials, it has not seemed to take any of the romance or glamour out of this most important occasion.

Modern brides still love traditional or semi-traditional gowns.

Garden Weddings

At this season all fresco weddings are very popular and many wish to have the ceremony performed either in their family home or garden or at a country church.

Going along with this sentiment, brides have chosen wedding gowns that are reminiscent of those worn by their grandmothers, made of luxurious fabrics, lace-trimmed and long-skirted.

Ringgold Ladies Aid To Meet Friday

The Ladies' Aid of the Ringgold EUB Church will meet at 2 p. m. Thursday in the home of Miss Mary Kaiser, near Ashville.

Calendar

MONDAY

MONROVIAN GARDEN CLUB, at noon in the Five Points Methodist Church basement for a carry-in-dinner.

ROUNDTOWN GARDEN CLUB, 8 p. m. in the home of Mrs. Harold Pontius, Route 1.

TUESDAY

LOGAN ELM GRANGE, 8 p. m. in Pickaway Twp. School.

MT. PLEASANT WSOS, 1:30 p. m. in the home of Mrs. Fred Baird, 455 E. Ohio St.

DAUGHTERS OF UNION VETERANS, 7:30 p. m. in the home of Mrs. David Blue, 174 Sunset Dr.

WEDNESDAY

FIVE POINTS WCTU, 2 p. m. in the home of Mrs. Howard Grabbill, Darbyville.

UNION GUILD, 2 p. m. in the home of Mrs. George Immel, Chillicothe.

THURSDAY

LADIES' AID OF RINGGOLD EUB Church, 2 p. m. in the home of Miss Mary Kaiser, near Ashville.

When you are making syrup for cold drinks, add some orange strips when you cook the sugar and water.

ONE TRIP —SELDOM MORE

Today's drugs are so effective you rarely need a refill. Their total cost usually is lower than older, less effective medicines because they do the job the first time. Barbecue Held At Betz Home

Mr. and Mrs. Harry E. Betz, 105 Reber Ave., entertained at a barbecued chicken dinner Friday evening.

Guests were Mr. and Mrs. Charles M. Huber, 220 E. Mound St., Rev. and Mrs. George H. Huber and daughter, Anne Elizabeth, Okinawa, Ryukyu Islands; Mr. and Mrs. Claude E. Huber, Roanoke, Va.; Mr. and Mrs. Roy L. Frazier, Ashville; and Charles L. Huber, Gloucester City, N. J.

The guests were all relatives of Mrs. Betz who have come to Ohio for a family reunion after being separated more than nine years. In addition to visiting and good food the guests enjoyed an evening of croquet and outdoor shuffleboard.

Don't Forget The Details

No wonder beach bags are carry-all size. They have to be roomy to stow away swim gear and all the small items needed to insure beauty during a day in the sun.

Essentials

Essentials such as your suit, swim cap and sun lotion, aren't likely to be forgotten, but, unless you give the matter thought beforehand, you may overlook some of the other aids that are pleasant to have along.

For example, you'll find it convenient to have a small hand mirror in your bag. You can whip it out during the day when you want to give your face a quick look-see.

For Hair Care

Tuck in a pocket comb, a few bobbypins and a small aerosol of hair spray. The latter two can be used to give straggling hair ends a fast setting while you get dressed for the homeward trek.

Take along spray cologne. It's refreshing to apply after a swim, when you've settled down in the sunshine.

Don't forget make-up — the full works, because you'll want to apply a fresh face at the end of the day.

Stacked Lipstick

When it comes to lipstick, play it smart. Get yourself a stacked lipstick that holds five shades in one wand. You can use a light shade for day, dip into a brighter one for night.

One such lipstick offers you this color choice: pink, rose-fuchsia, peach, pink-lilac and bright blue-red.

Have fun in the sun. Look pretty and take care. Check tanning time carefully. Don't burn!

Wife Preservers

An "hour-glass" egg timer, set by your phone when you make a long-distance call, will tell you exactly when your three minutes are up.

A regular cornmeal muffin mixture can be baked in cornstarch pans.

What every groom should know about Diamonds

Any man should know that it pays to choose diamonds where diamonds are chosen by experts. Whatever his budget for her diamond ring, he will get more quality for his money at L. M. Butch Co., Jewelers. Our reputation has been built on selling only the finest diamonds.

YOUR DIAMOND CAN COST LESS THAN YOU THINK!

Come in — let us show you the difference on our diamondscope.

Dear Abby...

By Abigail VanBuren

Serve Even Hamburger

DEAR ABBY: How long after you are married should you invite your parents to dinner? At first my wife used the excuse that she couldn't cook as good as my mother. A year and a half has gone by, and my wife can't cook any better. I know my folks wouldn't complain no matter what the food was like. She really isn't that bad. I feel embarrassed to go to my mothers for dinner so much without having them back.

My brother has been married only six months, and his wife has had the folks to dinner several times. She can't cook any better than my wife, but she tries hard and everybody praises her for it. I am afraid my wife will start getting jealous of her sister-in-law because, naturally, my folks will start making comparisons. Please print this, Abby, even if I do get a

black eye. If it wakes my wife up it will be worth it.

YEAR AND A HALF LATE

DEAR LATE: Your wife lacks culinary confidence. Try to persuade her that your folks will appreciate a dinner invitation no matter what she serves. Hamburger under onions today will be worth pheasant under glass next year.

DEAR ABBY: When do boys start liking girls?

LEON

DEAR LEON: As soon as they discover they aren't boys.

DEAR ABBY: I own a retail business and have a woman answering the telephone. She is very nice, but she has a habit which annoys me. When she answers the telephone, she says, "Good morning, this is the ——— Company, ha ha. May I help you, hee hee?"

She ends every sentence with a nervous little laugh. Even if it is a plain yes or no, she says, "Yes, ha ha, or, "No, tee hee. She needs to work so I hate to fire her. Is there any way I can call her attention to this irritating mannerism without hurting her feelings?

ANONYMOUSLY YOURS

DEAR YOURS: Take her aside and, in a very friendly way, tell her what you have told me. It is a nervous habit which she can overcome if she tries. She is probably not aware of it. It is annoying enough socially, but repeated "ha ha on a business telephone is no laughing matter.

CONFIDENTIAL TO SHELLY: Heaven can wait. Graduate...

What's bothering you? For a personal reply, write to Abby, Box 3365, Beverly Hills, Calif. Include a stamped, self-addressed envelope.

Serve a restaurant - style relish tray when you are having lunch or supper guests. If you have a dish with small compartments, fill them with creamy cottage cheese, spiced fruit, marinated vegetables, green and ripe olives and salted nuts.

Chopped hard-cooked egg, celery and sweet pickles plus mayonnaise are excellent additions to a sandwich filling made from canned salmon.

Make up your own schedule for cooking frozen vegetables! Some of them benefit from being cooked less time than some package directions suggest.

Teenagers Dainty Doings

Show me the pretty teenager who'd whizz off on a date without having every hair of her coiffure slicked in place or minus flattering make-up on her face.

No Such Gal!

There's no such gal! A teen queen just couldn't bear not to look her prettiest.

But she could — and too often does — forget other steps that are just as important to her beauty-and-charm rating.

Some teens overlook the grooming essentials that make for daintiness.

No Social Security

They may present a bright face to the world but that's where it stops. They lack freshness and social security.

At this time of year, especially, when perspiration is a major problem, such a lack is evident. No matter how attractive a girl looks, if she is not dainty her popularity rating is sure to drop.

A teen - ager may think it's just too much trouble to take a bath or shower every day.

"Who needs it?" she'll ask Mom. "I haven't been cleaning the cellar. I'm not dirty!"

One Sure Way

Dirt is one thing. Perspiration is something else. To banish the latter it's essential to bathe or shower daily. It's the one sure way to keep dainty.

It's also important to use an effective deodorant.

Fragrance aids — dusting powder and cologne — provide the finishing touches, give a fresh young beauty an aura of femininity.

Got the message, teen-agers? Let's hope so!

Look pretty, keep dainty and enjoy a social summer season.

Food Sense—Not Nonsense

Going Around But Getting Nowhere

Like the squirrel, teen-age boys who are overweight are going around in circles and getting nowhere. Unlike the squirrel, theirs is a vicious circle. Often, these teeners eat less food than boys of normal weight. Yet, to avoid gaining more weight, they have to eat still less. The reason? They do not participate as wholeheartedly in the activities of living. And the less these overweight boys eat, the more inactive they become.

This vicious circle was nailed down by two New England scientists, Jean Mayer and Patricia Stefanik, when they studied teen-age boys. They learned it was how hard these teeners worked at an activity, rather than time alone, that was the critical factor in weight control. In contrast to the overweight, teeners of normal weight participated wholeheartedly in both camp and school activities.

Here was the way to break the vicious circle that the scientists were looking for. When some of the overweight teeners were persuaded to step up their activities, weight problems disappeared, even though these teeners were eating more food.

It's the Look To Achieve
When the Weather's Warm

Summertime, and the living's not breezy. Would that it were! It's hot and humid and who can look cool and feel comfortable? You can!

To be sure, it takes some doing but it can be managed if you put your mind to it.

Beating the Heat

How Here are a few tips on beating the heat:

1. Walk, do not rush! Keep your pace slow but steady.
2. Start the day with a refreshing shower and wind it up in the same cooling way.
3. Dress comfortably. Avoid tight-fitting clothes. Wear light fabrics that fit loosely.
4. Think cool. Don't concentrate

Old Fashioned
Weddings Are
Most Popular

Midsummer weddings have become more and more popular in recent years, due to the fact that many graduations and degrees are given to students a little later than the usual ending of the college term.

Special courses often require added weeks of work, and the boy and girl who are studying for extra credits find themselves still at their university until the end of June or early July.

No Glamour Lost

Though prolonging of the college term may somewhat delay plans for nuptials, it has not seemed to take any of the romance or glamour out of this most important occasion.

Modern brides still love traditional or semi-traditional gowns.

Garden Weddings

At this season all fresco weddings are very popular and many wish to have the ceremony performed either in their family home or garden or at a country church.

Going along with this sentiment, brides have chosen wedding gowns that are reminiscent of those worn by their grandmothers, made of luxurious fabrics, lace-trimmed and long-skirted.

Ringgold Ladies Aid To Meet Friday

The Ladies' Aid of the Ringgold EUB Church will meet at 2 p. m. Thursday in the home of Miss Mary Kaiser, near Ashville.

Calendar

MONDAY
MONROVIAN GARDEN CLUB, at noon in the Five Points Methodist Church basement for a carry-in-dinner.

ROUNDTOWN GARDEN CLUB, 8 p. m. in the home of Mrs. Harold Pontius, Route 1.

TUESDAY
LOGAN ELM GRANGE, 8 P. M. in Pickaway Twp. School.

MT. PLEASANT WSCS, 1:30 P. M. in the home of Mrs. Fred Baird, 455 E. Ohio St.

DAUGHTERS OF UNION VETERANS, 7:30 p. m. in the home of Mrs. David Blue, 174 Sunset Dr.

WEDNESDAY
FIVE POINTS WCTU, 2 P. M. in the home of Mrs. Howard Grabbill, Darbyville.

UNION GUILD, 2 P. M. in the home of Mrs. George Immel, Chillicothe.

THURSDAY
LADIES' AID OF RINGGOLD EUB Church, 2 p. m. in the home of Miss Mary Kaiser, near Ashville.

When you are making syrup for cold drinks, add some orange rind strips when you cook the sugar and water.

thoughts on the "How-hot-I-am" theme.

5. Whenever possible, schedule heavy jobs for the cool hours of early morning or evening after that sun's gone down.
6. Keep cologne in the refrigerator and when you feel uncomfortable warm dab it on pulse spots.
7. Apply talcum to keep skin smooth and to ease your way into clothes.
8. Take advantage of manmade coolers — electric fans and, best of all, air conditioning.
9. Keep shades drawn during the day to screen out hot sunshine.
10. Mid-afternoon or, when you return from the office, take a 15-minute rest. Either nap or else settle down in a comfortable chair. For real comfort, elevate feet.

Salem WCTU Meets
At Hinton Home

The Salem WCTU met Friday in the home of Mrs. Ed Hinton, Kingston, with Miss Mary Harpster presiding.

Group singing of "O Master, Let Me Walk With Thee" opened the meeting. Miss Harpster recited "Obedience to Government", which was followed by a prayer.

Mrs. Hinton read the secretary's report, which was followed by the group singing, "America".

Mrs. Harry Sharrett gave a book report on "What Alcohol Is, and What It Does."

"You Don't Have to Drink", was read and discussed by Mrs. Ralph Woolever.

A closing prayer was given by Mrs. Durbin Allen.

It was announced that the August meeting will be held in the home of Mrs. Pearl Patrick, Route 2, Kingston.

Culinary
Charmers

BROWN SUGAR CHEWS
1 1/4 cups sifted enriched flour
2 teaspoons baking powder
1 teaspoon salt
1/2 cup shortening
1 1/4 cups firmly-packed dark brown sugar
1/2 cup flaked coconut
3/4 cup chopped pecans.
2 eggs
1/4 cup milk
1 teaspoon vanilla

Sift together the flour, baking powder and salt. Cut or rub in shortening until mixture is crumbly. Mix in brown sugar, coconut and pecans. Beat eggs until thick and ivory-colored; add milk and vanilla and beat enough to combine; add to flour mixture; mix well. Turn into greased baking pan (9 by 13 by 2 inches) and spread evenly. Bake in moderate (350 degrees) oven 40 to 45 minutes. Cool in pan placed on wire rack about 10 minutes; cut into bars. Cool bars entirely before removing from pan with a spatula. Store in tightly covered container.

**What every
groom should know
about
Diamonds**

Any man should know that it pays to choose diamonds where diamonds are chosen by experts. Whatever his budget for her diamond ring, he will get more quality for his money at L. M. Butch Co., Jewelers. Our reputation has been built on selling only the finest diamonds.

Barbecue Held
At Betz Home

Mr. and Mrs. Harry E. Betz, 165 Reber Ave., entertained at a barbecued chicken dinner Friday evening.

Guests were Mr. and Mrs. Charles M. Huber, 220 E. Mound St., Rev. and Mrs. George H. Huber and daughter, Anne Elizabeth, Okinawa, Ryukyu Islands; Mr. and Mrs. Claude E. Huber, Roanoke, Va.; Mr. and Mrs. Roy L. Frazier, Ashville; and Charles L. Huber, Gloucester City, N. J.

The guests were all relatives of Mrs. Betz who have come to Ohio for a family reunion after being separated more than nine years. In addition to visiting and good food the guests enjoyed an evening of croquet and outdoor shuffleboard.

Don't Forget
The Details

No wonder beach bags are carry-all size. They have to be roomy to stow away swim gear and all the small items needed to insure beauty during a day in the sun.

Least You Forget

Essentials such as your suit, swim cap and sun lotion, aren't likely to be forgotten, but, unless you give the matter thought beforehand, you may overlook some of the other aids that are pleasant to have along.

For example, you'll find it convenient to have a small hand mirror in your bag. You can whip it out during the day when you want to give your face a quick look-see.

For Hair Care

Tuck in a pocket comb, a few bobbypins and a small aerosol of hair spray. The latter two can be used to give straggling hair ends a fast setting while you get dressed for the homeward trek.

Take along spray cologne. It's refreshing to apply after a swim, when you've settled down in the sunshine.

Don't forget make-up — the full works, because you'll want to apply a fresh face at the end of the day.

Stacked Lipstick

When it comes to lipstick, play it smart. Get yourself a stacked lipstick that holds five shades in one wand. You can use a light shade for day, dip into a brighter one for night.

One such lipstick offers you this color choice: pink, rose-fuchsia, peach, pink-lilac and bright blue-red.

Have fun in the sun. Look pretty and take care. Check tanning time carefully. Don't risk a burn!

Wife Preservers

An "hour-glass" egg timer, set by your phone when you make a long-distance call, will tell you exactly when your three minutes are up.

A regular cornmeal muffin mixture can be baked in cornstix pans.

Dear Abby...
By Abigail VanBuren

Serve Even Hamburger

DEAR ABBY: How long after you are married should you invite your parents to dinner? At first my wife used the excuse that she couldn't cook as good as my mother. A year and a half has gone by, and my wife can't cook any better. I know my folks wouldn't complain no matter what the food was like. She really isn't that bad. I feel embarrassed to go to my mothers for dinner so much without having them back.

My brother has been married only six months, and his wife has had the folks to dinner several times. She can't cook any better than my wife, but she tries hard and everybody praises her for it. I am afraid my wife will start getting jealous of her sister-in-law because, naturally, my folks will start making comparisons. Please print this, Abby, even if I do get a

WOMAN HUNT ON—This sketch of the woman seen standing within arm's reach of murdered Andrew Ashley in Buffalo, N. Y., about the time he disappeared, was made by Buffalo Evening News artist Bruce Shankis from a description. The 30-year-old's nude body, bound and gagged, was found floating in a park lake. The woman: About 40, dark hair with streaks of grey, about 5-feet-6, thin, wearing dark coat and flowered dress.

black eye. If it wakes my wife up it will be worth it.

YEAR AND A HALF LATE
DEAR LATE: Your wife lacks culinary confidence. Try to persuade her that your folks will appreciate a dinner invitation no matter what she serves. Hamburger under onions today will be worth pheasant under glass next year.

DEAR ABBY: When do boys start liking girls?

LEON

DEAR LEON: As soon as they discover they aren't boys.

DEAR ABBY: I own a retail business and have a woman answering the telephone. She is very nice, but she has a habit which annoys me. When she answers the telephone, she says, "Good morning, this is the _____ Company, ha ha. May I help you, hee hee?" She ends every sentence with a nervous little laugh. Even if it is a plain yes or no, she says, "Yes, ha ha, or, "No, tee hee. She needs to work so I hate to fire her. Is there any way I can call her attention to this irritating mannerism without hurting her feelings?

ANONYMOUSLY YOURS
DEAR YOURS: Take her aside and, in a very friendly way, tell her what you have told me. It is a nervous habit which she can overcome if she tries. She is probably not aware of it. It is annoying enough socially, but repeated "ha has on a business telephone is no laughing matter.

CONFIDENTIAL TO SHELLY: Heaven can wait. Graduate.

What's bothering you? For a personal reply, write to Abby, Box 3365, Beverly Hills, Calif. Include a stamped, self-addressed envelope.

FOSNAUGH'S EAST END MARKET
459 E. Main St. — GR 4-2340

Teenagers
Dainty Doings

Show me the pretty teenager who'd whiz off on a date without having every hair of her coiffure slicked in place or minus flattering make-up on her face.

No Such Gal!

There's no such gal! A teen queen just couldn't bear not to look her prettiest.

But she could — and too often does — forget other steps that are just as important to her beauty-and-charm rating.

Some teens overlook the grooming essentials that make for daintiness.

No Social Security

They may present a bright face to the world but that's where it stops. They lack freshness and social security.

At this time of year, especially, when perspiration is a major problem, such a lack is evident. No matter how attractive a girl looks, if she is not dainty her popularity rating is sure to drop.

A teen-ager may think it's just too much trouble to take a bath or shower every day.

"Who needs it?" she'll ask Mom. "I haven't been cleaning the cellar. I'm not dirty!"

One Sure Way

Dirt is one thing. Perspiration is something else. To banish the latter it's essential to bathe or shower daily. It's the one sure way to keep dainty.

It's also important to use an effective deodorant.

Fragrance aids — dusting powder and cologne — provide the finishing touches, give a fresh young beauty an aura of femininity.

Got the message, teen-agers? Let's hope so!

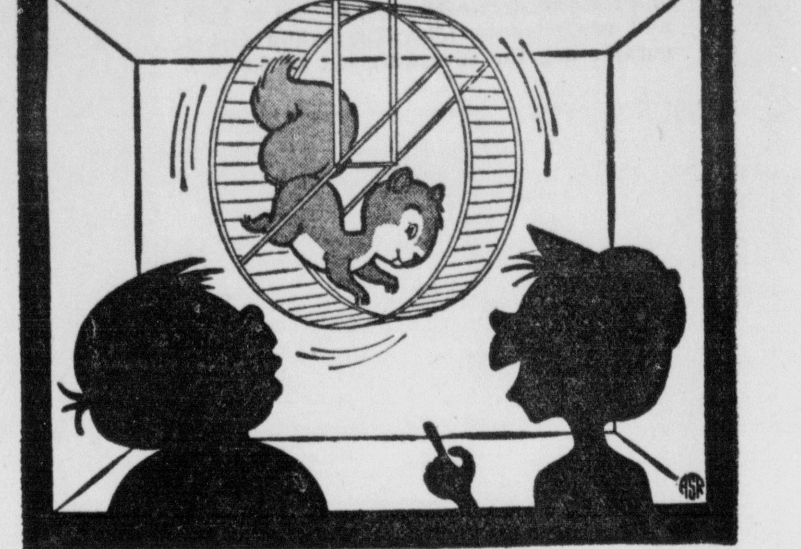

Look pretty, keep dainty and enjoy a summer season.

Chopped hard-cooked egg, celery and sweet pickles plus mayonnaise are excellent additions to a sandwich filling made from canned salmon.

Make up your own schedule for cooking frozen vegetables! Some of them benefit from being cooked less time than some package directions suggest.

Slice thin ripe banana and fold into the batter for waffles.

Food Sense—Not Nonsense

Going Around But Getting Nowhere

Like the squirrel, teen-age boys who are overweight are going around in circles and getting nowhere. Unlike the squirrel, theirs is a vicious circle. Often, these teenagers eat less food than boys of normal weight. Yet, to avoid gaining more weight, they have to eat still less. The reason? They do not participate as wholeheartedly in the activities of living. And the less these overweight boys eat, the more inactive they become.

This vicious circle was nailed down by two New England scientists, Jean Mayer and Patricia Stefanik, when they studied teenage boys. They learned it was how hard these teenagers worked at an activity, rather than time alone, that was the critical factor in weight control. In contrast to the overweight, teenagers of normal weight participated wholeheartedly in both camp and school activities.

Here was the way to break the vicious circle that the scientists were looking for. When some of the overweight teenagers were persuaded to step up their activities, weight problems disappeared, even though these teenagers were eating more food.

This research holds out hope for those who are cutting the amount of food they eat to the bone and still not achieving the weight loss they crave. Here is the way out this research provides: To be able to eat food without fear, put your heart into physical activities that you enjoy.

No one deserves to have hunger as a constant companion. Eating is too much fun for such sacrifice. To make sure food is fun and full of the nutrients you need each day, include in your meals: Meat or an alternate, milk or cheese, fruits or vegetables, enriched or whole grain bread and cereal.

Carefree as a Summer Vacation

Enjoy that carefree feeling that comes with knowing that you look your best... on vacation or anywhere. The neat, crisp look will make every day more fun to live. You'll be comfortable and confident always when you let us do your cleaning and pressing.

It's done just the way you want it, by 'Martinizing' and at modest rates.

The World Today

By James Marlow

WASHINGTON (AP)—The Communists act, the West reacts. It's been that way for years. It's that way now. It was true under Presidents Truman and Eisenhower. It's true today under President Kennedy.

It raises a question: When will the West take the initiative to put the Communists on the defensive, give them the miseries?

First it was Greece and Turkey, then Indochina, then Czechoslovakia, then the Berlin blockade, then Korea, then Formosa, then Berlin again, then Cuba and riots in Latin America and now again it's Berlin.

In each case the Communists called the tune and the West danced, trying to offset them. The West has created no crises for Russia or Red China. It's been the other way around.

1. Right after the big war Russia stirred up civil war in Greece, helped the Communist rebels there, brought pressure on Turkey to get concessions and bases in the straits.

Truman reacted with the Truman plan—aid to Greece and Turkey—which not only was successful but once and for all threw off American isolationism, put the United States neck-deep in Europe's problems, shaped the future.

2. Indochina began to fall apart in 1946, although no one realized it at the time. Indochinese, led by Communists and sick of French colonial rule, began civil war. It lasted eight years. The French fought a half-hearted war, wouldn't let go.

In the end the United States helped the French. Too late. The Communists got half of Indochina. The result of all this: The United States set up Southeast Asian alliances to try to save the rest of

the area from the Reds.

3. In 1947—when Bulgaria, Romania, Poland, Hungary had been taken over by Communists, when Communists were the second most powerful political party in France, when Communists were rioting in Italy, when all Western Europe was in danger of economic collapse — the United States came up with its Marshall Plan.

This economic aid program saved Europe. The United States, learning the lesson, has continued the aid ever since, shifting to backward countries as time passed.

4. The west suffered a smashing blow in 1948 when Communists grabbed Czechoslovakia from within and Stalin tried to steal West Berlin with a blockade. The United States couldn't help Czechoslovakia, but it rescued Berlin with an airlift.

In that same shocking year the Senate approved putting the United States into a military alliance with Western Europe for mutual defense. Russia began to

look frightening. The alliance was signed April 4, 1949.

5. That year, 1949, was momentous by itself: The Red Chinese took over mainland China, drove Chiang Kai-shek to the island of Formosa, 100 miles off the mainland. Truman said hands off, that Chiang was on his own, wouldn't protect him.

But 1950 and the Communists changed his mind. They began the Korean War. The Red Chinese got into it. The United States reacted by going to war in Korea, deciding to protect Chiang and Formosa. It's been doing so ever since.

6. Late in 1958 Premier Khrushchev picked up where Stalin left off, threatened Berlin anew, really put the heat on in 1959, threw into convulsions the West which didn't seem sure it wanted to fight for the city, set a six-month deadline.

In the end Eisenhower bailed out the West by inviting Khrushchev here. This calmed Khrushchev. He postponed the deadline, but didn't abandon it.

7. Those years—1958 and 1959—were shockers for the United States elsewhere, closer to home, and gave it an insight into Latin America it badly needed.

In 1958 Vice President Richard M. Nixon was stoned and reviled in Latin America. With the dawn of 1959 Fidel Castro, whose sympathies with communism the United States badly misunderstood, took over Cuba, began his anti-Americanism.

This realization of the depths of discontent and Communist penetration among its southern neighbors finally forced the United States into thinking of giving aid on a big scale, not in dribbles.

8. As a result of all the Communist aggressiveness around the world this country in the years since 1949—when it signed its European alliance—has made similar alliances around the world in the hope it might be a dike against the Reds.

9. Now once again Khrushchev threatens Berlin, reinstates his six-month deadline. Now once again the West is in a tizzy, seeming unsure of itself, trying to figure how it should react, what it should do, how far it should go.

Sheriff's Day

LOCKPORT, N. Y. (AP) — Once in a while every sheriff has a day like this one, logged by the Niagara County sheriff's staff:

9:10 a. m. — Mother complained that studio had not delivered paid for photos of her children. Deputy Ben Sobczyk called the studio, arranged it.

9:15 a. m. — Man complained his ex-wife annoyed him with phone calls, cut him short with her auto on the highway. Deputy Robert Sdao talked with the wife, who promised to mend her ways.

5:30 p. m. — Pigs reported in some backyards. Deputy Richard Deischnor arranged to get them back in their pens.

7:20 p. m. — Housewife complained about youngsters 3, 4, 5 — including her own — who take toys from neighbors' yards. Deputy William H. Munch talked with the mothers and asked them to advise their youngsters of right and wrong.

'LITTLE' EICHMANN — Otto Bradfisch, 58, onetime Nazi officer and now a lawyer, goes into court in Munich, Germany, where he is accused in the deaths of 19,037 Jews during World War II. Bradfisch takes the same way out Eichmann takes in Jerusalem, that he was following orders from superiors. Said he, "Hitler was a superman . . . his orders were law" but he "left us holding the bag."

Extraordinary Service Performed by Police

MISSOULA, Mont. (AP) — Police service was extraordinary for a woman in distress at nighttime.

Mrs. Bob Miles of Missoula called the Police Department at 4 a.m. Friday. She told the desk officer she thought her car was running and would a patrolman be sent to turn the engine off.

A patrolman did. He also rang the doorbell and returned the woman her keys.

Loses to Automation

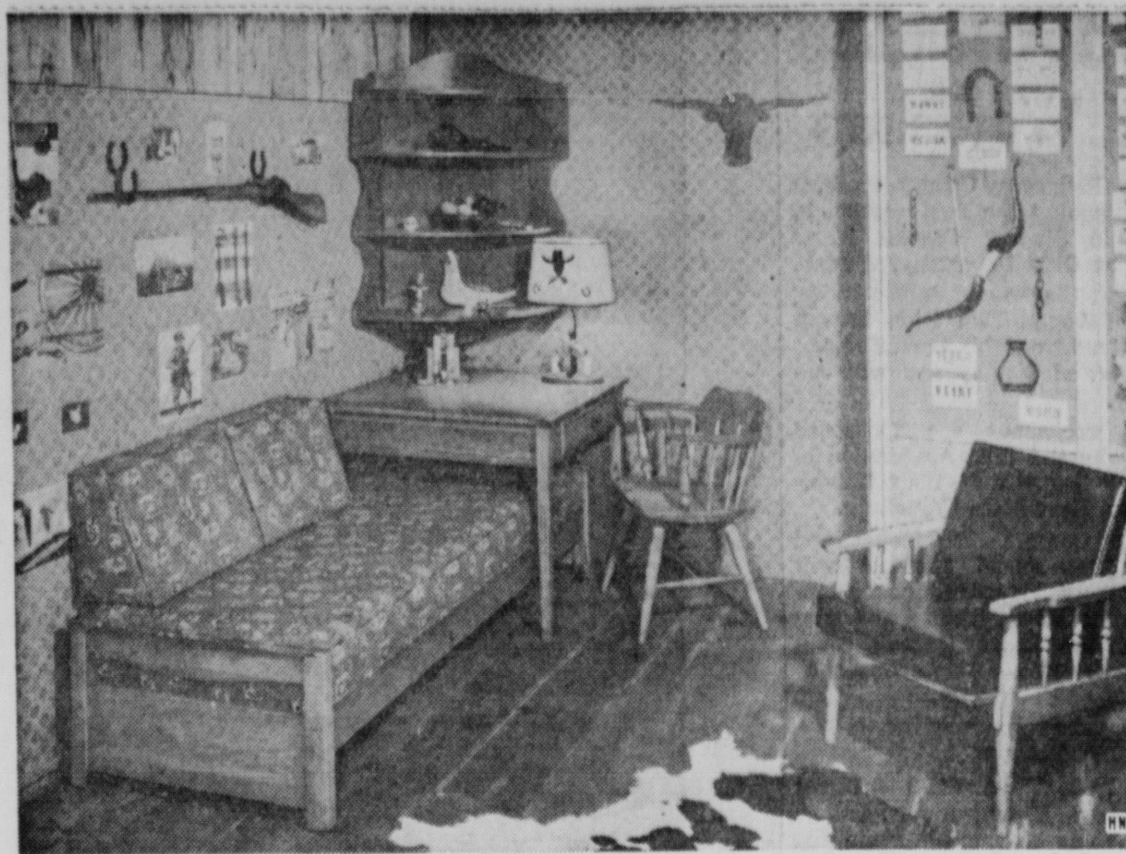

Califon, N. J. (AP) — For 47 years, Mrs. Mary Dumbrigue has been telling people, "Sorry, your time is up." But when the telephone exchange in This West Jersey community goes dial later this year, the time will be up for Mrs. Dumbrigue.

Mary was just a youngster 58 years ago when the first Califon switchboard was installed in her family's dining room by the New Jersey Telephone Co. The board has remained in her home ever since, with Mary's sister, Mrs. Albert Hagaman, preceding her as the first telephone operator — for \$5 a month.

"I remember when I could clean house between calls," Mrs. Dumbrigue recalls. "If my father was on the board, he had time to cut the grass."

They had telephone numbers in the old days "but we didn't use them," Mrs. Dumbrigue says. "They'd just call me and say, 'Mary, I want to talk to John,' or something like that. I knew everybody by their first name."

The Aeronautical Systems Division, Wright-Patterson Air Force Base, Ohio, manages more than 3,000 active prime contracts and maintains surveillance over thousands of sub-contracts which are necessary to maintain a strong and growing Air Force.

A sleeping, study, or game corner is provided for the young cowboy fan, allowing maximum of daytime floor space. The daybed with foam mattress, drawn out from under the square corner table, is very comfortable sleeping. The sturdy oak furniture of this group can come through a lot of rough and tumble and still holds its good looks in either family or son's room.

Electronic Highway Said Just a Dream

WASHINGTON (AP) — Chances of the federal government financing an electronic, driver-proof highway in Ohio or anywhere else appeared remote today.

"At this point it's just a dream," a Department of Commerce spokesman said. Secretary of Commerce Luther Hodges has advised Governor DiSalle by telephone, the spokesman said, that published reports about such a dream highway were premature.

DiSalle wrote Hodges last month offering the state's assistance and facilities in establishing a federally financed, electronically controlled test highway on a 100-mile strip of Interstate 71, between Columbus and Cincinnati.

Earlier, a published report said a group of idea men recruited by Hodges had developed the project and the federal government was ready to finance a full-scale \$50 million test of the roadway on which automobiles would be automatically controlled, at speeds up-

Student Aid Fund Set

DELAWARE, Ohio (AP)—Mrs. Charles W. Kinnison of Willoughby has instituted an \$11,380 fund for student loans at Ohio Wesleyan University to assist students needing aid in order to complete college.

ward of 100 miles an hour. Hodges shattered the idea of sleeping or reading "drivers" on the interstate system, at least for the foreseeable future. He stated that some ingenious person worked out an article about the highway. "It is out of whole cloth so far."

Forest Primeval Retained in Park

The forest primeval still exists in its original beauty in at least one spot in Ohio and that spot lies within the Hueston Woods State Park.

Hueston Woods is one of Ohio's newest state parks and it is located in Preble and Butler counties, five miles north of Oxford off State Route 177.

Mathew Hueston fought the Indians as a member of Anthony Wayne's army and following the Treaty of Greenville he bought a large tract of land in Preble and Butler counties. Hueston and his descendants protected the woods so vigilantly that today many of the lofty beech and sugar maples trees still stand.

In 1940 the State of Ohio purchased the 3,460 acre tract and started to develop a recreation area. A dam was built in 1957 creating Acton Lake which covers 625 acres. The lake was stocked with fish by the Ohio Division of Wildlife. The predominant species of fish in the lake are bass, walleye, channel catfish and crannies.

The state built 34 cabins equipped with electric lights, furniture, gas heat, and modern plumbing. Each cabin sleeps a maximum of four persons. Blankets, bed linens, towels, dish towels, cooking utensils, dishes and toilet soap are

furnished. The rates for four persons or less are \$8 daily and \$45 weekly.

There are two swimming beaches on the lake. A 1500-foot beach is available to the general public from Memorial Day until Labor Day. The second beach is located near the housekeeping cabins and is available to the cabin occupants. Hueston Woods has three picnic areas and many scenic attractions including an old sugar camp and the old Van Audall home which has been restored to its original beauty by the parks division.

Fox calling is a popular sport in the hills of Guernsey and Noble counties. The participants go out at night with a call that resembles the voice of an injured rabbit. They are able to lure the foxes to within a few feet of their station.

In most cases, ghost towns just happen, but in Ohio there is a man who is deliberately creating one. The ghost town developer is Ed Galitza of Findlay. The town that Galitza is building has an assayer's office, a boot hill, livery stable, many types of old vehicles and authentic Old West Buildings.

Tuscarawas County has a new recreation spot. It is Tall Timber Lake, located east of New Phila-

Two Attending OU Workshop

Two Pickaway County students are attending the first session of the Ohio Student Council Workshops at Ohio University, Athens.

Robert Clarke and Janice Riffle, both of Logan Elm High School, will attend from this area. The session started Sunday and will end Friday.

The workshops are sponsored jointly by the Ohio Association of Student Councils of Ohio University and Kent State University.

Approximately 160 junior and senior high school students will spend the week studying such topics as the value, history and purposes of the Student Council, council organization and standards of projects and activities.

Banner Stone

RICHMOND, Va. (AP) — David Norwood, 9, had never seen a stone like the one he found in some dirt pushed up on the grounds of Union Theological Seminary here.

His friend, Freddie Morgan, though his dad might know.

And Frederick H. Morgan, a past president of the Archaeological Society of Virginia, saw it was something he had been looking for all his life — a banner stone used by Indians as a counterbalance of a throwing stick before the days of bows and arrows.

delphia off Route 39. The park will be officially opened Tuesday. The new park features a bathing beach on a five-acre lake. Boating facilities and picnic areas are also available.

Sandusky merchants will stage their second annual Old Fashioned Street Fair on July 27-29.

THE KUWAIT CAULDRON — Here is the main square of Kuwait Town, Kuwait officers briefing their troops, and British troops manning a bazooka near the Iraqi border. The British say that danger of an invasion from Iraq to seize the oil sheikdom still lurks.

1961 CHS Graduate Gets Scholarship

Brian Lee Burley, 412 E. Main St., is one of 99 students selected by the Board of Trustees of the Ohio Scholarship Funds to receive state scholarships for the coming school year.

Burley, a June graduate of Circleville High School, was selected

from among 5,000 applicants who are top ranking students in Ohio high schools.

Each of the 99 award winners is entitled to apply for a one year renewal of his award, according to standards set forth by law and Ohio Scholarship Funds policy.

Wrong School

LAWTON, Okla. (AP) — Dummy diplomas — 559 of them — were passed out to Lawton High School seniors at their graduation ceremony. A publishing company had printed a sketch of another school building on the diplomas.

Want To Help Put Rocket on Moon?

CHICAGO (AP)—If you are an engineer or scientist eager to help land a rocket on the moon the National Aeronautics and Space Administration is interested in you.

A Midwest hunt is under way for at least 135 men and women to begin work at the Lewis Research Center in Cleveland by the end of July.

Dr. Walter T. Olson, spokesman for NASA, said the 135 selected

will start work on Apollo, the new spaceship designed to carry several astronauts to the moon and through other phases of the lunar trip.

The team will conduct interviews of scientists and technicians in these Ohio cities:

July 10 — Toledo; July 11—Columbus; July 12—Dayton; July 13—Middletown; July 14-15—Cincinnati; July 18—Youngstown.

Elks Outscore Legion, 14-7 In LL Makeup

Singles Give 3rd National Victory In Seventh Frame

The Elks doubled the score on American Legion, winning 14-7, in a makeup Little Major League contest Saturday morning.

In another rescheduled game, Third National edged past Savings Bank in a BR minor tilt, taking an 11-10 decision.

Johnny Funk limited Legion to six singles as the Elks kept in contention for the major crown. BPOE led off with one run on singles by Palmer and Dean. Legion claimed a temporary advantage with three counters on singles by Speakman and Moorehead in the bottom of the first.

In the second each outfit picked up a run. Watson cracked a double to give Elks two third-frame counters as Legion again registered one marker without a hit. In the fifth BPOE marked two scores minus a safety after Wallis's triple and gave them a 6-5 lead in the fourth.

FUNK put the AL boys down in order in the fifth. In the top of the sixth Joe Leatherwood and Tim Wells punched singled and Legion pitching folded as the Elks counted six times. The best BPOE threat was a one-run thrust in the last of the inning as Elks nailed down the triumph.

Savings outdid Third National 14-11 but lost the game on last inning singles by Jeffers and Griffey. The Third team had maintained a shaky lead since the first inning when they tallied one run as Savings went down in order.

In the second Brown poked a triple to give Savings two markers. Third retaliated with one run on singles by Harrod and Bowman. Each squad scored twice in the third. In the fourth Third National pulled away with three runs on no hits. Savings failed to cross the plate in the frame.

Two one-baggers produced a trio of Savings scores in the top of the fifth. The Nationalites duplicated their last-inning's performance though, marking two runs without a safety.

Singles by Wills and Sykes hoisted Savings to an even footing with their opponents in the top of the sixth. The winners broke the 9-9 deadlock with one tally on Winner's double in the bottom of the stanza.

In the seventh the losers came across with a run to tie the score at 10-all. Gray led off Third National's half with a walk. Jeffers followed with a single and Griffey sent the fans streaming for their cars with a solid one-base punch that brought home Gray with the winning tally.

98 Women Enter Ohio Golf Test

CINCINNATI (AP)—A field of 98, one of the strongest in years, teed off today in the qualifier for Ohio's big show for its golf girls—the 38th state women's tournament.

The tournament brought out most of the state's best known women golfers, including two three-time former champions—Mrs. Janet Beardsley of Dayton and Mrs. Burt Weil of Cincinnati. Lorraine Abbot, the defending champion whose home course is Sylvania Country Club, Toledo, didn't have to qualify in today's 18-hole preliminary.

The field will be cut to 31 plus Miss Abbot for Tuesday's 18 holes of match play at the tournament site—Camargo Country Club, a 6,189-yard, par 76 layout.

SPORTS

The Circleville Herald, Mon. July 10, 1961

Stonerock's Hurlers Record 3 Shutouts in Weekend Play

A quartet of ace moundsmen gave Stonerock's TV softball squad four straight wins — three of them shutouts decisions — in weekend play.

Saturday Kenny Reid hung up a 2-0 victory in the opener of a doubleheader with Zanesville on the loser's home field.

The TV outfit tallied its pair of runs in the fifth. Tom Turner led off the frame with a double. Stillman Morrison promptly followed with a hard-hit single that plated Turner. Morrison was forced as he tried to stretch his way to second.

With two away, Don Morrison reached first on a fielder's choice. Reid brought him home with another one-bagger for the game's only scoring.

REID fanned four and walked one. He gave up singles to Dollinger, Savage and losing hurler Hardman.

In the back half of the twinbill, Stonerock's flexed some slugging muscles for four extra-base blows in copping the 10-2 win.

TV opened with one run in the first and rocked Zanesville pitcher Gard for four tallies in the

third. After going runless through the sixth, the locals opened up for five decisive markers in the top of the seventh to wrap up the win for Paul Neff.

Neff blanked the home nine through the first four innings. In the last of the fifth he weakened enough to surrender one run to the losers. Harry Strawser came in after another Zanesville man crossed the plate in the sixth. He put down the budding rally in hitless form.

Turner belted a home run in the winning effort. Don Christian had a triple and a double and Harold Gulick hit for a two-bagger for Stonerock's Neff struck out one and walked none.

In all Christian counted three hits, Ted Sims two and Turner, Davis, Gulick and Stillmen Morrison each smacked one for TV.

SUNDAY Stonerock's hosted powerful Lockbourne AFB and took the visitors for a pair of triumphs. In the opening tilt at Ted Lewis Park Harry Strawser whiffed 13 Lockbourne hitters in taking a 3-0 victory. The TV crew picked up one run in the first and two in the sixth on doubles by Bob Glick and Speeder Davis.

Lockbourne's only safety was a harmless single by Bibbs. Jack McGuire clouted two singles for the winners. Don Neff singled once and Davis added a one-bagger to his double.

Foreman struck out one and walked five in taking the defeat.

In the second battle TV got off to a quick lead scoring three in the first and another trio in the second. Stonerock's ended its 10-single assault with a one-run burst in the fourth.

For Lockbourne, Leon Biggs whacked a triple and Bibbs had a double. Winner Paul Neff failed to allow a run in his stint and mop-up ace Stillmen Morrison protected the shutout with three strikeouts and one walk.

NEFF fanned four and walked none. Bibbs whiffed a quartet of TV hitters and gave three free passes in taking the loss.

In the TV lineup Ted Sims blazed along for three singles in as many attempts. Stillmen Morrison and Bob Glick each counted a pair of safeties and Don Christian, Don Neff and Bob Placier each had one hit.

Stonerock's season record now stands at a sparkling 23-9 won-lost tally.

Robby Helps Reds Extend Lead in NL

Slugging Bats In 7 Runs, Is Clipped by Los Angeles Duster

By THE ASSOCIATED PRESS

Frank Robinson was knocked down twice and hit on the arm by Los Angeles right-hander Don Drysdale, but clubbed a pair of homers, a double and a single for seven runs batted in as the Cincinnati Reds whipped the second place Dodgers 14-3 Sunday and regained a five-game bulge in the National League race.

Third place Pittsburgh made it three straight over Milwaukee, by beating the Braves 5-4. San Francisco split a pair with St. Louis, the Giants losing 6-3, in the opener, before beating the Cards 6-1. The Chicago Cubs swept a doubleheader from Philadelphia 9-8 and 8-5.

In the American, Detroit took two from Los Angeles, 1-0 and 6-3, and regained first place by one percentage point over New York. The Yankees split with Boston, winning 3-0 before losing 9-6. Baltimore thumped Kansas City 8-0; the Chicago White Sox swept Cleveland 7-5 and 9-8, and Minnesota defeated Washington 7-1.

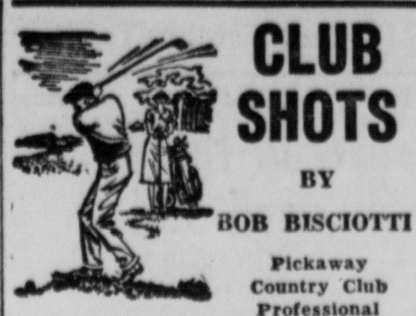

Robinson hit the first of his homers against the Dodgers in the first inning off loser Roger Craig. His run-in with Drysdale came in the sixth, and he then tagged Dick Farrell for his second homer, in the eighth inning.

Gene Freese also homered while right-hander Joey Jay (12-4) checked the Dodgers on five hits, two of them home runs by John Roseboro and Charlie Neal.

A pair of homers by Walt Moryn drove in the Pirates' first three runs against Lew Burdette (9-6). Al McBean (2-0) was the winner in relief.

The Cards wiped out a 3-1 lead by the Giants and won the opener on a two-run homer in the eighth by Ken Boyer. But the Giants bounced back behind the four-hit pitching of Jack Sanford (4-5) as reliever Sam Jones in the nightcap. Lindy McDaniel (5-3) won the opener and Juan Marichal (6-7) lost it, both in relief.

The Cubs overcame seven errors with 28 hits in their sweep over the last place Phils. Ed Bouchee, hit two home runs and Al Heist one backing Glen Hobbie (6-9) in the opener and reliever Dick Ellsworth (4-6) in the second game.

Latest golfing activity saw Bob Shadley fire his best game ever with a 41-44-85. This is 10 strokes better than his next best round.

Bette Fraser almost had a double eagle on the par 5 ninth hole when she hit her second shot seven inches from the cup. She settled for an eagle three and finished the nine with a 47.

Results of the first round Directors' Tournament were: Tim Dickenson won over Dr. Eddie Hedges; Bob McFadden defeated Snap Ankrom, 4 and 3; Rudy Chelickowsky, defeated Maynard Eaton, 2 and 1; Brent Bell won over Bill Hewton 2 and 1; Ken Caughman defeated John Teal, 3 and 2; Wayne Chelickowsky defeated Bruce Helwagen, 4 and 3; Tom Eveland downed Bill Lyle, 3 and 2; Bill Helskell edged Bill Eddy, 1 up; Doug Cotterman defeated Harry Diehl, 3 up; Andy Anderson dropped Steve Helwagen, 2 and 1; and Jim Price downed Dean McFadden, 3 and 2.

A best ball of Blind Partners Tournament is scheduled for next Sunday. This is a handicap event.

There will be a Red and Blue Tournament July 23. Persons wishing to participate should sign up in the Pro Shop no later than July 19.

Joe Adkins won the closest to pin effort on No. 2 for the case of softdrinks.

Family Tournament first round matches must be completed by Sunday.

Canton Detective Wins Police Pistol Crown

LINCOLN PARK, N.J. (AP) — Detective E. J. Roman of the Canton, Ohio, police force won an individual title at the first annual Eastern Regional Combat Police Pistol Championships Sunday.

Roman won the individual practical police pistol championship in the three-day tournament.

Palmer Ready For Crack at British Open

BIRKDALE, England (AP)—Arnold Palmer sets out today to become the first American to win the British Open golf championship since Ben Hogan captured it in classic style at Carnoustie, Scotland, eight years ago.

The hard-hitting, easy-going Palmer, from Latrobe, Pa., battling South Africa's Gary Player for the money-winning title on the American circuit, admitted:

"This is a championship I want to win—sometimes."

"But I'm not satisfied with my woods at the moment. All keyed to go? Well I hope so."

Palmer, 1960 U.S. Open and Masters champion, has made a detailed analysis of the tricky holes on the 6,884-yard, par 72 Royal Birkdale course that could keep him from the championship.

The sixth—a 468-yard affair set among the sand dunes and gorse bushes—is a tedious hole, Palmer said.

"You've got to be very careful. There's a cross bunker and you've got to lay off from the tee. The second is very exacting too. It's a blind shot because of the mounds blocking the green."

Palmer, rated the 5-2 favorite, pointed out: "This is a flat sea-side course with no hills and no trees. The lack of trees makes judging distance difficult. Anybody who overshoots the greens is going to be in trouble."

Week's Youth Games Posted

Here is the schedule of games to be played this week in the Summer Youth Baseball Program:

Ted Lewis Park, main diamond, 5 p. m. — Mon. — Purina vs. The Herald (LL major); Tues. — 2nd National vs. Ward's Market (LL minor); Wed. — no game; Thurs. — Circleville Oil vs. 3rd National (LL minor); Friday — no game slated.

Ted Lewis Park, small field, 5 p. m. — Mon. Elks vs. Coca-Cola (LL major); Tues. — Blue Ribbon vs. 1st National (LL minor); Wed. — no game; Thurs. — 2nd National vs. 1st National (LL minor); Fri. — no game.

Southend, 5 p. m. — Mon. — Jaycees vs. 3rd National (LL minor); Tues. — Circleville Oil vs.

Savings Bank (LL minor); Wed. — no game; Thurs. — Ward's vs. IOOF (LL minor); Fri. — no game.

Fairgrounds, LL field, 5 p. m. — Mon. — Bingham's vs. Legion (LL major); Tues. — Tarlton vs. IOOF (LL minor); Wed. — Legion vs. Coca-Cola (LL major); Thurs. — Blue Ribbon vs. Rotary (LL minor); Fri. — Purina vs. Elks (LL major).

Fairgrounds, BR field, 5 p. m. — Mon. — Butch Jewelers vs. Savings Bank (BR major); Tues. — no game; Wed. — no game; Thurs. — 3rd National vs. Butch (BR minor); Fri. — no game.

Ted Lewis Park, main field, 7 p. m. — Mon. — GE vs. DuPont (BR major); Tues. — Kiwanis vs. C of C (BR major); Thurs. — Bingham's vs. The Herald (LL major); Fri. — DuPont vs. C of C (BR major).

At Ashville Thurs. — Kiwanis vs. Bronco Boosters.

At Tarlton Thurs. — Savings Bank vs. Merchants.

January Pockets St. Paul Purse

ST. PAUL, Minn. (AP)—Don January, the man who scored the \$50,000 ace at Palm Springs, Calif., early this season, had his first golf tournament victory of the season today.

The lean Texan from Dallas shot an 8-under-par 64 on his final round Sunday for a 19-under-par 269 to win the \$30,000 St. Paul Open and \$4,300.

January started the day four shots behind Buster Cupit, the club pro from Fort Smith, Ark., who was second with 270. Dave Hill of Denver finished third with 272.

Elks Outscore
Legion, 14-7
In LL Makeup

Singles Give 3rd
National Victory
In Seventh Frame

The Elks doubled the score on American Legion, winning 14-7, in a makeup Little Major League contest Saturday morning.

In another rescheduled game, Third National edged past Savings Bank in a BR minor tilt, taking an 11-10 decision.

Johnny Funk limited Legion to six singles as the Elks kept in contention for the major crown. BPOE led off with one run on singles by Palmer and Dean. Legion claimed a temporary advantage with three counters on singles by Speakman and Moorehead in the bottom of the first.

In the second each outfit picked up a run. Watson cracked a double to give Elks two third-frame counters as Legion again registered one marker without a hit. In the fifth BPOE marked two scores minus a safety after Walisa's triple and gave them a 6-5 lead in the fourth.

FUNK put the AL boys down in order in the fifth. In the top of the sixth Joe Leatherwood and Tim Wells punched singled and Legion pitching folded as the Elks counted six times. The best BPOE threat was a one-run thrust in the last of the inning as Elks nailed down the triumph.

Savings outthit Third National 14-11 but lost the game on last inning singles by Jeffers and Griffey. The Third team had maintained a shaky lead since the first inning when they tallied one run as Savings went down in order.

In the second Brown poked a triple to give Savings two markers. Third retaliated with one run on singles by Harrod and Bowman. Each squad scored twice in the third. In the fourth Third National pulled away with three runs on no hits. Savings failed to cross the plate in the frame.

Two one-baggers produced a trio of Savings scores in the top of the fifth. The Nationalites duplicated their last-inning's performance though, marking two runs without a safety.

Singles by Wills and Sykes hoisted Savings to an even footing with their opponents in the top of the sixth. The winners broke the 9-9 deadlock with one tally on Winner's double in the bottom of the stanza.

In the seventh the losers came across with a run to tie the score at 10-10. Gray led off Third National's half with a walk. Jeffers followed with a single and Griffey sent the fans streaming for their cars with a solid one-base punch that brought home Gray with the winning tally.

98 Women Enter
Ohio Golf Test

CINCINNATI (AP)—A field of 98, one of the strongest in years, teed off today in the qualifier for Ohio's big show for its golf gals—the 38th state women's tournament.

The tournament brought out most of the state's best known women golfers, including two three-time former champions—Mrs. Janet Beardsley of Dayton and Mrs. Burt Weil of Cincinnati.

Lorraine Abbot, the defending champion whose home course is Sylvania Country Club, Toledo, didn't have to qualify in today's 18-hole preliminary.

The field will be cut to 31 plus Miss Abbot for Tuesday's 18 holes of match play at the tournament site—Camargo Country Club, a 6,189-yard, par 76 layout.

SPORTS

The Circleville Herald, Mon. July 10, 1961
Circleville, Ohio

Stonerock's Hurlers Record
3 Shutouts in Weekend Play

A quartet of ace moundsmen gave Stonerock's TV softball squad four straight wins — three of them shutouts decisions — in weekend play.

Saturday Kenny Reid hung up a 2-0 victory in the opener of a doubleheader with Zanesville on the loser's home field.

The TV outfit tallied its pair of runs in the fifth. Tom Turner led off the frame with a double. Stillman Morrison promptly followed with a hard-hit single that plated Turner. Morrison was forced as he tried to stretch his way to second.

With two away, Don Morrison reached first on a fielder's choice. Reid brought him home with another one-bagger for the game's only scoring.

REID fanned four and walked one. He gave up singles to Dollinger, Savage and losing hurler Hardman.

In the back half of the twinbill, Stonerock's flexed some slug-ging muscles for four extra-base blows in coping the 10-2 win.

TV opened with one run in the first and rocked Zanesville pitcher Gard for four tallies in the

Pender Confident
Of Keeping Title

LONDON (AP)—Paul Pender, who defends his share of the world middleweight title against cockney Terry Downes Tuesday, took his daily pre-breakfast run along Rotten Row today and said he felt fine.

The big guy from Brookline, Mass., who hasn't lost a fight in nine years, has been running every day along the sandy track in London's Hyde Park, where British blueblooms go riding.

"No problems for tomorrow night," Pender said. "I'm right at my best. There's no reason why the fight shouldn't go the same way as my scrap against Downes last January. After all, we're both mature boxers and well set in our styles."

The two men last fought in Boston. Pender, recognized as world champion in New York, Massachusetts and Europe, stopped Downes in the seventh round when the Briton retired with a badly cut nose.

Two Women Split
Thursday Honors

Penny Dietrich and Mary Betts shared honors in the latest Ladies Thursday Night Bowling League competition at Circle D. Lanes.

Penny outscored her opponent 174-170 for high singles honors. In series totals Mary bested all comers on a 455 mark.

Team No. 2 registered the high singles (964) and series (2,457) scores in group play. Mable Myers converted the 3-7-10 split and Betty Dietrich turned in the 3-10 setup.

Alabama Ex-GI Cops
Blind Golfer Crown

WILLOUGHBY, Ohio (AP) — Charlie Boswell of Birmingham, Ala., who never played golf before he lost his sight in Germany in World War II, has won his seventh straight United States Blind Golfers' Association Championship, at Tam-A-Rac Country Club.

Robby Helps
Reds Extend
Lead in NL

Sluggers Bats In 7
Runs, Is Clipped by
Los Angeles Duster

By THE ASSOCIATED PRESS

Frank Robinson was knocked down twice and hit on the arm by Los Angeles right-hander Don Drysdale, but clubbed a pair of homers, a double and a single for seven runs batted in as the Cincinnati Reds whipped the second place Dodgers 14-3 Sunday and regained a five-game bulge in the National League race.

Third place Pittsburgh made it three straight over Milwaukee, by beating the Braves 5-4. San Francisco split a pair with St. Louis, the Giants losing 6-3, in the opener, before beating the Cards 6-1. The Chicago Cubs swept a doubleheader from Philadelphia 9-8 and 8-5.

In the American, Detroit took two from Los Angeles, 1-0 and 6-3, and regained first place by one percentage point over New York. The Yankees split with Boston, winning 3-0 before losing 9-6. Baltimore thumped Kansas City 8-0; the Chicago White Sox swept Cleveland 7-5 and 9-8, and Minnesota defeated Washington 7-1.

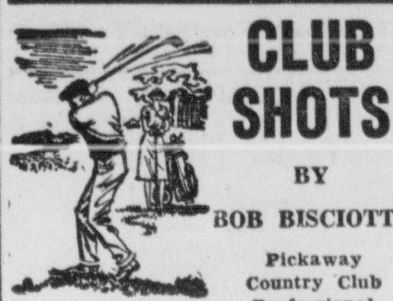

Robinson hit the first of his homers against the Dodgers in the first inning off loser Roger Craig. His run-in with Drysdale came in the sixth, and he then tagged Dick Farrell for his second homer, in the eighth inning.

Gene Freese also homered while right-hander Joey Jay (12-4) checked the Dodgers on five hits, two of them home runs by John Roseboro and Charlie Neal.

A pair of homers by Walt Moryn drove in the Pirates' first three runs against Lew Burdette (9-6). Al McBean (2-0) was the winner in relief.

The Cards wiped out a 3-1 lead by the Giants and won the opener on a two-run homer in the eighth by Ken Boyer. But the Giants bounced back behind the four-hit pitching of Jack Sanford (4-5) as reliever Sam Jones in the nightcap. Lindy McDaniel (5-3) won the opener and Juan Marichal (6-7) lost it, both in relief.

The Cubs overcame seven errors with 28 hits in their sweep over the last place Phils. Ed Bouchee, hit two home runs and Al Heist one backing Glen Hobbie (6-9) in the opener and reliever Dick Ellsworth (4-6) in the second game.

Latest golfing activity saw Bob Shadley fire his best game ever with a 41-44-85. This is 10 strokes better than his next best round.

Bette Fraser almost had a double eagle on the par 5 ninth hole when she hit her second shot seven inches from the cup. She settled for an eagle three and finished the nine with a 47.

Results of the first round Directors' Tournament were: Tim Dickenson won over Dr. Eddie Hedges; Bob McFadden defeated Snap Ankrom, 4 and 3; Rudy Chelickowsky, defeated Maynard Eaton, 2 and 1; Brent Bell won over Bill Hewton 2 and 1; Ken Caughman defeated John Teal, 3 and 2; Wayne Chelickowsky defeated Bruce Helwagen, 4 and 3; Tom Eveland downed Bill Lyle, 3 and 2; Bill Heiskell edged Bill Eddy, 1 up; Doug Cotterman defeated Harry Diehl, 3 up; Andy Anderson dropped Steve Helwagen, 2 and 1; and Jim Price downed Dean McFadden, 3 and 2.

A best ball of Blind Partners Tournament is scheduled for next Sunday. This is a handicap event. There will be a Red and Blue Tournament July 23. Persons wishing to participate should sign up in the Pro Shop no later than July 19.

Joe Adkins won the closest to pin effort on No. 2 for the case of softdrinks.

Family Tournament first round matches must be completed by Sunday.

Canton Detective Wins
Police Pistol Crown

LINCOLN PARK, N.J. (AP) — Detective E. J. Roman of the Canton, Ohio, police force won an individual title at the first annual Eastern Regional Combat Police Pistol Championships Sunday.

Roman won the individual practical police pistol championship in the three-day tournament.

Palmer Ready
For Crack at
British Open

BIRKDALE, England (AP)—Arnold Palmer sets out today to become the first American to win the British Open golf championship since Ben Hogan captured it in classic style at Carnoustie, Scotland, eight years ago.

The hard-hitting, easy-going Palmer, from Latrobe, Pa., battling South Africa's Gary Player for the money-winning title on the American circuit, admitted:

"This is a championship I want to win—sometime."

"But I'm not satisfied with my words at the moment. All keyed to go? Well I hope so."

Palmer, 1960 U.S. Open and Masters champion, has made a detailed analysis of the tricky holes on the 6,884-yard, par 72 Royal Birkdale course that could keep him from the championship.

The sixth—a 468-yard affair set among the sand dunes and gorse bushes—is a tedious hole, Palmer said.

"You've got to be very careful. There's a cross bunker and you've got to lay off from the tee. The second is very exacting too. It's a blind shot because of the mounds blocking the green."

Palmer, rated the 5-2 favorite, pointed out: "This is a flat seaside course with no hills and no trees. The lack of trees makes judging distance difficult. Anybody who overshoots the greens is going to be in trouble."

Week's Youth Games Posted

Here is the schedule of games to be played this week in the Summer Youth Baseball Program:

Ted Lewis Park, main diamond, 5 p. m. — Mon. — Purina vs. The Herald (LL major); Tues. — 2nd National vs. Ward's Market (LL minor); Wed. — no game; Thurs. — Circleville Oil vs. 3rd National (LL minor); Friday — no game slated.

Southend, 5 p. m. — Mon. — Jaycees vs. 3rd National (LL minor); Tues. — Circleville Oil vs.

Savings Bank (LL minor); Wed. — no game; Thurs. — Ward's vs. IOOF (LL minor); Fri. — no game.

Fairgrounds, LL field, 5 p. m. — Mon. — Bingman's vs. Legion (LL major); Tues. — Tarlton vs. IOOF (LL minor); Wed. — Legion vs. Coca-Cola (LL major); Thurs. — Blue Ribbon vs. Rotary (LL minor); Fri. — Purina vs. Elks (LL major).

Fairgrounds, BR field, 5 p. m. — Mon. — Butch Jewelers vs. Savings Bank (BR minor); Tues. — no game; Wed. — no game; Thurs. — 3rd National vs. Butch (BR minor); Fri. — no game.

Ted Lewis Park, main field, 7 p. m. — Mon. — GE vs. DuPont (BR major); Tues. — Kiwanis vs. C of C (BR major); Thurs. — Bingman's vs. The Herald (LL major); Fri. — DuPont vs. C of C (BR major).

At Ashville Thurs. — Kiwanis vs. Bronco Boosters.

At Tarlton Thurs. — Savings Bank vs. Merchants.

January Pockets
St. Paul Purse

ST. PAUL, Minn. (AP)—Don January, the man who scored the \$50,000 ace at Palm Springs, Calif., early this season, had his first golf tournament victory of the season today.

The lean Texan from Dallas shot an 8-under-par 64 on his final round Sunday for a 19-under-par 269 to win the \$30,000 St. Paul Open and \$4,300.

January started the day four shots behind Buster Cupit, the club pro from Fort Smith, Ark., who was second with 270. Dave Hill of Denver finished third with 272.

NL All-Stars' Spirits Buoyed

SAN FRANCISCO (AP) — The National League was cheered today by the news that Eddie Mathews, Milwaukee's hard hitting third baseman, would be available for duty against the American League in Tuesday's 30th All-Star game, second in California and first in San Francisco.

It was feared that Mathews, the senior circuit's premier southpaw slugger, might be forced to pass up the spectacle because of a knee injury sustained in a collision with Los Angeles' Daryl Spencer last week. The big Californian returned to the Braves' lineup Sunday and assured NL Manager Danny Murtaugh he would be ready to play.

A capacity crowd of more than 42,000 was expected to attend the first of this year's two All-Star

games, which will be televised nationally. The second game will be played July 31 in Boston.

San Francisco fans were awaiting their first look at the American League sluggers, especially Mickey Mantle and Roger Maris, the New York Yankees' home run twins.

It is mainly because of Maris (33 home runs), Mantle (29), and Detroit's Rocky Colavito (22) and Norm Cash (24), and the virtual certainty that Whitey Ford, New York's brilliant southpaw, will pitch the first three innings, that the American League has been made a 6 to 5 favorite. The AL was soundly beaten in both games last year and lost nine of the last 13 although it holds an over-all 16-13 edge.

Maris, Cash, Yankee shortstop Tony Kubek and the switch-hitting Mantle, will bat from the left side of the plate. Consequently, it is believed that Murtaugh might open with southpaw Sandy Koufax, who has won 11 of 16 for the Dodgers. Ford won his 10th straight Saturday and owns a phenomenal 16-2 record.

Murtaugh can turn to two other left-handed starters, Mike McCormick of the Giants or Warren Spahn, Milwaukee's amazing 40-year-old, who has appeared in six previous games. It is highly possible he might surprise by starting Joey Jay, who registered his 12th victory for Cincinnati Sunday.

Leafs Getting Able Pitching

By THE ASSOCIATED PRESS

The Toronto Maple Leafs, in the midst of that four-team scramble for third and fourth places in the International League, have suddenly gotten one thing they've needed all along—the pitching of Bob (Riverboat) Smith.

Smith, who had a neat 14-6 mark and a 3.04 earned run average in helping the Leafs to their IL pennant last year, won only two of his first nine decisions until last week. Since then he's pitched two consecutive shutouts, the latest a 6-0 job on Rochester in the first game of a doubleheader Sunday.

And during the period, the Leafs tied with Jersey City for fifth place, have also moved to within a game of third place despite a 6-5 loss in the second game of Sunday's twinnish.

Buffalo kept an .001 percentage point hold on third place, ahead of Rochester, with a second game 7-3 victory over Syracuse. The Chiefs won their fifth in a row, 9-1 in the opener.

First-place Columbus beat Jersey City 7-1 in the first game. The J's came back with a 5-2 nightcap win while Charleston won over Richmond 10-4 in the opener and lost 2-0 in the nightcap.

SPORTS Highlights

By THE ASSOCIATED PRESS

Golf

ST. PAUL, Minn.—Don January fired a 64 on the final round for a 72-hole total of 269 in winning the St. Paul Open.

Tennis

WIMBLEDON, England — Angeli Mortimer downed Christine Truman 4-6, 6-4, 7-5 in the first all-Britain Wimbledon women's final in 47 years.

WASHINGTON — Bitsy Grant won his third straight national men's senior age courts title, beating George Ball of New York 1-6, 7-5, 6-3.

Baseball

SAN FRANCISCO — Pitcher Mickey McDermott was suspended indefinitely by the St. Louis Cardinals for his third curfew violation in the past week.

Racing

INGLEWOOD, Calif.—Four-and-Twenty (\$4.60) grabbed the \$122,900 Hollywood Derby in a breeze at Hollywood Park.

Tackle Stan Fanning of the Chicago Bears is now listed at 6-feet-7 and 270 pounds. He's an inch taller and 18 pounds heavier than a year ago.

N All-Stars' Spirits Buoyed

SAN FRANCISCO (AP) — The National League was cheered today by the news that Eddie Mathews, Milwaukee's hard hitting third baseman, would be available for duty against the American League in Tuesday's 30th All-Star game, second in California and first in San Francisco.

It was feared that Mathews, the senior circuit's premier southpaw slugger, might be forced to pass up the spectacle because of a knee injury sustained in a collision with Los Angeles' Daryl Spencer last week. The big Californian returned to the Braves' lineup Sunday and assured NL Manager Danny Murtaugh he would be ready to play.

A capacity crowd of more than 42,000 was expected to attend the first of this year's All-Star

games, which will be televised nationally. The second game will be played July 31 in Boston.

San Francisco fans were awaiting their first look at the American League sluggers, especially Mickey Mantle and Roger Maris, the New York Yankees' home run twins.

It is mainly because of Maris (33 home runs), Mantle (29), and Detroit's Rocky Colavito (22) and Norm Cash (24), and the virtual certainty that Whitey Ford, New York's brilliant southpaw, will pitch their first three innings, that the American League has been made a 6 to 5 favorite. The AL was soundly beaten in both games last year and lost nine of the last 13 although it holds an over-all 16-13 edge.

Maris, Cash, Yankee shortstop Tony Kubek and the switch-hitting Mantle, will bat from the left side of the plate. Consequently, it is believed that Murtaugh might open with southpaw Sandy Koufax, who has won 11 of 16 for the Dodgers. Ford won his 10th straight Saturday and owns a phenomenal 16-2 record.

Murtaugh can turn to two other left-handed starters, Mike McCormick of the Giants or Warren Spahn, Milwaukee's amazing 40-year-old, who has appeared in six previous games. It is highly possible he might surprise by starting Joey Jay, who registered his 12th victory for Cincinnati Sunday.

Dykes Hopes Rest To Help Indian Tribe

CLEVELAND (AP) — "I hope we'll get off to a fresh start," said Cleveland Manager Jimmie Dykes as he and the Indians started a three-day break for the All-Star game.

"Woody Held should be all right by then, and I hope to get back to the set lineup," said Dykes. "Gary Bell's shoulder should be in shape and everybody should be feeling good after the rest."

Everybody was feeling low after Sunday's double setback to the Chicago White Sox, 7-5 and 9-8. It dropped Cleveland into fourth place, 8½ games behind league-leading Detroit.

In the first game, the Indians blew a 5-2 lead going into the ninth inning. The crowning blow was a grand slam home run with two out by Sherm Lollar off relief ace Frank Fun.

In the second game, three home runs by Willie Kirkland, No. 12, 13 and 14, went to waste as the Indians frittered away a 3-0 lead, dropped behind 9-4 and failed with a last-chance rally.

Jim Perry took the second game loss, giving him a 7-7 mark. Some sloppy playing—a dropped fly ball by Kirkland which led to two unearned runs and a mental misue by Perry—cost the Tribe the ball game.

Cal McLish was the second game victor, thanks to a clutch relief performance by Turk Lown, who got Vic Power to rap into a bases-loaded, game-ending double play.

Elmer Valo, utility outfielder with the Philadelphia Phillies, has played with seven previous big League teams. He broke in with the Philadelphia Athletics in 1940. He was with the Phillies in 1956.

PLAY AT PARK — Theresa Jean Rittinger, 3, daughter of Mr. and Mrs. Robert E. Rittinger, Route 1, Chillicothe, takes advantage of a recess in organized baseball activity to try out the new Slager Community Park diamond at Yellowbud. Unidentified player watches at left.

Slager Heirs Dedicate New Yellowbud Community Park

Yellowbud, on the Pickaway-Ross County line, now has a new community park thanks to the generosity of the descendants of Mr. and Mrs. Schuyler Slager, prominent early residents of the village.

Slager Community Park was officially dedicated during an all-day celebration July 4. Three generations of the Slager family attended the ceremonies.

M. A. Moore, featured speaker for the dedication, noted the need for such a recreation facility in the town. Moore added that "whole-

some recreation" serves as a worthwhile activity for youth. He commented that outdoor diversion has become an important national need in a time when "non-active, indoor pastimes threaten to sap the vigor of our youth."

In the first baseball contests played on the new diamonds, Yellowbud downed Chillicothe 4-2, in an Acme League game. The Little League Yellowbud contingent was dropped by Chillicothe Merchants, 18-8.

KISER'S Market gave the rubber match of the three games to the home town with a 7-0 job over Hallsville. Each winning team received a trophy.

Contests, games and refreshments filled the rest of the day. Dedication ceremony officials extended a community-wide "thank you" to the dozens of Yellowbud citizens and business firms that contributed time and material for the new park.

Smaller College Drive Hits Goal

GRANVILLE, Ohio (AP)—The Independent College Alumni Associates of Ohio announced today that it has successfully completed a drive to raise \$250,000.

Calvin Prime, Denison University, secretary of the organization, said the group had raised \$271,332, exceeding by 8 per cent the goal it set for joint alumni fund-raising projects in six cities.

Prime said that just over 50 per cent of the alumni of the 17 participating colleges made gifts to their respective alumni funds.

Organized in 1959, the Independent College Alumni Associates has raised \$380,262 in three years of campaigning.

Colleges participating in the drive were Antioch, Ashland, Baldwin-Wallace, Capital, Dayton, Defiance, Denison, Findlay, Heidelberg, Hiram, Muskingum, Ohio Northern, Ohio Wesleyan, Otterbein, St. Mary of the Springs, Wilmington and Wittenberg.

Inheritance Tax \$43,321 In County

Inheritance taxes collected in Pickaway County during 1960 totaled, \$43,321, according to a report today from Auditor of State James Rhodes.

Pickaway County inheritance taxes for 1960 didn't follow the state-wide trend towards a large increase. During 1959 the taxes collected here amounted to \$82,460, or \$39,139 more than 1960.

On a state level, inheritance taxes showed a jump last year of more than \$5 million. A new all-time high of \$23,196,018 was reached. The previous record was \$18,165,683 in 1959.

One-half of the inheritance tax goes to the taxing district where it originated. The other half goes to the state after deduction of fees allowed the offices of the county auditor and the county treasurer.

These total fees amounted to \$805,434 last year, leaving a net of \$10,784,131 for the state.

FREED FOR CONFERENCE—President Moise Tshombe (foreground), of Katanga Province, Africa, is shown talking to the press in Leopoldville after being freed from a two-month imprisonment. His release was obtained after Tshombe assured officials that legislators from Katanga would attend the long-adjourned session of the Congo Parliament. In background is Major Gen. Joseph Motubé.

Portuguese arrived in Angola in 1482 and for centuries regarded the African land only as the reservoir of a profitable export — slaves.

Idle Pay Claims Show Drop Here

Idle pay claims at the local Bureau of Unemployment Compensation have dropped considerably in the past few weeks.

Initial claims at the local office were held to 18 for the first week of June. Continued claims amounted to 372.

Average weekly totals in April showed 44 initial claims. The first week in April disclosed 537 continued claims at the Circleville branch office.

Claims recorded by the office during June (July figures are not available as yet) are the lowest since last fall.

ACCORDING to local BUC officials, continued claims are on a steady downfall and should be close to a normal season within a week or two.

Claims at the local office include those filed under the Ohio Unemployment Compensation Law,

unemployment compensation for ex-servicemen and unemployment compensation for federal employees.

Average weekly new claims during June 1960 reached 16, compared with an average of 25 for June 1961.

The major reason for the large number of claims in this area, once again, has been the weather factor according to the BUC office.

Construction and the canning industry in Pickaway County have had a late season and this accounts for a large number of continued claims bureau officials explained.

As more construction workers are called to work initial claims also decrease BUC employees said.

Idle pay claims are continuing to drop this month, according to the Columbus office, but the statistics have not been compiled yet.

More Than Half of Taxes Go To School Districts in Area

More than half of all taxes collected at the Pickaway County Courthouse last year went to school districts.

Taxes collected here during 1960 totaled \$2,790,055. Of this total, school districts received \$1,943,429.

Reports filed with State Auditor James A. Rhodes by county auditors throughout the state showed that schools received \$522 million out of \$907 million in local taxes distributed to political subdivisions. This was 57½ per cent of the total.

Of the \$907 million in Ohio taxes collected and distributed, \$624.8 million came from taxes paid on real estate and public utilities; \$201.3 million from the tangible personal property tax; \$33.3 million from the intangible tax; \$24.3 million from special assessments, \$22.3 million from inheritance and estate taxes, and \$763,837 from the tax on house trailers.

OTHER distributions in Pickaway County of the \$2,790,055 collected were: municipalities, \$167,256;

Booster Meet Today

Officers and directors of the Circleville Booster Club will meet at 8:30 p. m. today in the high school social rooms. Plans will be made for the naming of new directors.

county government, \$364,615; townships, \$214,864; public libraries, \$35,735; and to the State, \$64,154.

The State's share is derived from one-half of the inheritance taxes and the levy to retire World War II veterans and Korean Conflict compensation bonds.

Ohio Congressman Due To Be Honored

SPRINGFIELD, Ohio (AP)—Congressman Clarence J. Brown, a Republican from Ohio's 7th District, will be honored Sept. 12 with a testimonial dinner.

J. C. Shouvin of Springfield, chairman of a committee sponsoring the testimonial, said the fete will be held at the Clark County fairgrounds.

Shouvin said the dinner is designed to thank Brown for his 22 years in Congress and more than 42 years in public service.

Sen. Barry M. Goldwater, R-Ariz., will be the principal speaker.

The district Brown represents is composed of Champaign, Clark, Clinton, Greene, Logan, Madison, Union and Warren counties.

Dress Style Terms Revealed

Glossary Gives Insight To Fashion Business

NEW YORK (AP)—If you hope to keep up your status as a fashion intellectual, you had better do your vocabulary homework.

Here is a glossary of style terms used in describing fall and winter collections by New York couture group members being shown to more than 200 fashion editors this week.

Body-Conscious. Having nothing to do with hypochondria, it describes the closer fit you'll find in coats, suits and dresses this fall.

Nothing Dress. This garment became high fashion by reduction to its lowest common denominator, by subtracting sleeves, collars, and shortening the hemline. Although it got its start a few seasons ago, it will continue barely and shiveringly throughout the winter season.

Flip Back—This style newcomer is a jaunty jacket, short in front with a gentle flyaway movement or back flare.

Inner Strength—Linings, once the cheapest fabrics in a coat or suit, now strengthen the coat (but weaken the budget) with mink, cat, chinchilla or ermine pelt.

High Risers—The ever-wondering waistline climbs upwards again in many collections. The high line is often emphasized by welt seaming. However the dropped waistline has not lost its fashion flavor yet.

Intermediate Length — Dresses hemmed at calf-length are designed for semi-formal occasions such as theater parties.

Dirndls—Years ago a printed, gathered skirt by this name was popular with off-shoulder peasant blouses. Today's version is refined, in dressier fabrics, not as full at the waist, and much more flattering to the mature figure.

Anti-Crime Cleanup

NIAGARA FALLS, N. Y. (AP)—A clean-up, paint-up, fix-up campaign not only gives a city a better appearance, but helps the police department fight crime, says Police Superintendent J. Milton Litchard.

Clean alleys, trimmed shrubbery and better-lighted yards reduce the number of hiding places for attackers.

"Furthermore," he says, "as youthful energy is converted into productive actions, the value of juvenile decency becomes clearer to youngsters."

SE Ohio Depressed Areas Being Inspected by Officials

ATHENS, Ohio (AP)—A small task force of federal and state officials is in Southeastern Ohio's depressed areas this week, bearing the message that the government helps those who help themselves.

"We certainly don't want to give the impression they can get a lot of money without putting in a great deal of effort themselves," said Rep. Walter H. Moeller, D-Ohio. He organized the tour of his depressed district to explain provisions of the Commerce Department's area redevelopment act.

Moeller will accompany approximately 15 representatives of the Commerce Department, Small Business Administration, Agriculture Department, Housing and Home Finance Agency, the Ohio Health Department and Ohio Department of Industrial and Economic Development to help show residents how to develop a long-range economic recovery program.

The officials will emphasize that to qualify for low-interest loans under the redevelopment act, local communities must have a workable blueprint of their own.

"Some think it is a handout and we certainly want to get their minds straightened out on that," said L. I. Jones of the Federal Extension Service in a pre-tour briefing in Moeller's office.

"Neither do we want to shut the door. We ought to open the door and show them what they can get on their own initiative," Jones said.

The touring officials — from Washington, Chicago, Columbus will go from Athens County to Vinton and Hocking counties Tuesday, Meigs County Wednesday, Gallia County Thursday and Lawrence County Friday.

The group will tour each county, then each representative will outline what aid can be obtained from the specific federal and state agencies.

Moeller laid ground work for the tour by sending letters to hundreds of community leaders informing them of the plan to improve "the

agricultural, industrial and commercial potential of our areas."

The federal officials will hold general question and answer sessions on how their agencies can aid depressed communities, then conduct small discussion groups on specific local needs.

A second tour later in the year to check on progress is being considered.

Seven of the eight counties in Moeller's 10th district were among the first to be declared areas of substantial and persistent unemployment recently under the area redevelopment act. Moeller previously conducted a pilot tour, in Jackson County, which led to this week's tour of the rest of the depressed counties.

New Telescope

SYDNEY, Australia (AP)—A radio telescope capable of tracking American and Russian satellites better than the Americans or Russians is being completed at Parkes, 270 miles west of Sydney.

It is being built by the Radio-physics Division of the Commonwealth Scientific and Industrial Research Organization, whose officers say it will be the most refined in the world.

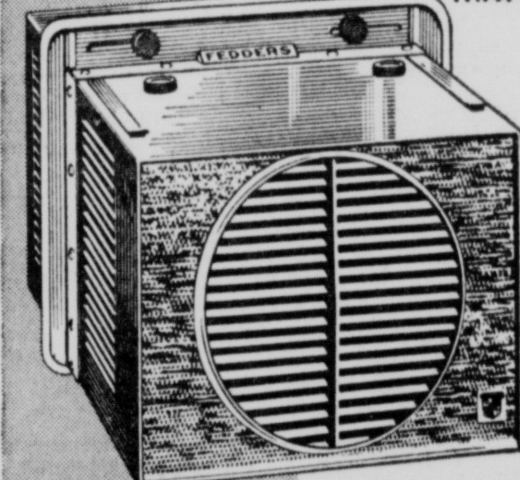

The telescope is expected to be ready for work in July or August. It will be 210 feet across cover an area as big as a football field, and cost 800,000 Australian pounds (\$1,792,000).

Only bigger radio telescope in the world is the 250 ft. dish at Jodrell Bank, near Manchester, England.

PLAY AT PARK — Theresa Jean Rittinger, 5, daughter of Mr. and Mrs. Robert E. Rittinger, Route 1, Chillicothe, takes advantage of a recess in organized baseball activity to try out the new Slager Community Park diamond at Yellowbud. Unidentified player watches at left.

Slager Heirs Dedicate New Yellowbud Community Park

Yellowbud, on the Pickaway-Ross County line, now has a new community park thanks to the generosity of the descendants of Mr. and Mrs. Schuyler Slager, prominent early residents of the village.

Slager Community Park was officially dedicated during an all-day celebration July 4. Three generations of the Slager family attended the ceremonies.

M. A. Moore, featured speaker for the dedication, noted the need for such a recreation facility in the town. Moore added that "whole-

some recreation" serves as a worthwhile activity for youth. He commented that outdoor diversion has become an important national need in a time when "non-active, indoor pastimes threaten to sap the vigor of our youth."

In the first baseball contests played on the new diamonds, Yellowbud downed Chillicothe K of C 4-2, in an Acme League game. The Little League Yellowbud contingent was dropped by Chillicothe Merchants, 18-8.

KISER'S Market gave the rubber match of the three games to the home town with a 7-0 job over Hallsville. Each winning team received a trophy.

Contests, games and refreshments filled the rest of the day. Dedication ceremony officials extended a community-wide "thank you" to the dozens of Yellowbud citizens and business firms that contributed time and material for the new park.

Smaller College Drive Hits Goal

GRANVILLE, Ohio (AP)—The Independent College Alumni Associates of Ohio announced today that it has successfully completed a drive to raise \$250,000.

Calvin Prime, Denison University, secretary of the organization, said the group had raised \$271,332, exceeding by 8 per cent the goal it set for joint alumni fund-raising projects in six cities.

Prime said that just over 50 per cent of the alumni of the 17 participating colleges made gifts to their respective alumni funds.

Organized in 1959, the Independent College Alumni Associates has raised \$380,262 in three years of campaigning.

Colleges participating in the drive were Antioch, Ashland, Baldwin-Wallace, Capital, Dayton, Defiance, Denison, Findlay, Heidelberg, Hiram, Muskingum, Ohio Northern, Ohio Wesleyan, Otterbein, St. Mary of the Springs, Wilmington and Wittenberg.

Inheritance Tax \$43,321 In County

Inheritance taxes collected in Pickaway County during 1960 totaled, \$43,321, according to a report today from Auditor of State James Rhodes.

Pickaway County inheritance taxes for 1960 didn't follow the state-wide trend towards a large increase. During 1959 the taxes collected here amounted to \$82,460, or \$39,139 more than 1960.

On a state level, inheritance taxes showed a jump last year of more than \$5 million. A new all-time high of \$23,196,018 was reached. The previous record was \$18,165,683 in 1959.

One-half of the inheritance tax goes to the taxing district where it originated. The other half goes to the state after deduction of fees allowed the offices of the county auditor and the county treasurer.

These total fees amounted to \$806,434 last year, leaving a net of \$10,784,131 for the state.

FREED FOR CONFERENCE—President Moise Tshombe (foreground), of Katanga Province, Africa, is shown talking to the press in Leopoldville after being freed from a two-month imprisonment. His release was obtained after Tshombe assured officials that legislators from Katanga would attend the long-adjourned session of the Congo Parliament. In background is Major Gen. Joseph Motu.

Portuguese arrived in Angola in 1482 and for centuries regarded the African land only as the reservoir of a profitable export — slaves.

Idle Pay Claims Show Drop Here

Idle pay claims at the local Bureau of Unemployment Compensation have dropped considerably in the past few weeks.

Initial claims at the local office were held to 18 for the first week of June. Continued claims amounted to 372.

Average weekly totals in April showed 44 initial claims. The first week in April disclosed 537 continued claims at the Circleville branch office.

Claims recorded by the office during June (July figures are not available as yet) are the lowest since last fall.

ACCORDING to local BUC officials, continued claims are on a steady downfall and should be close to a normal season within a week or two.

Claims at the local office include those filed under the Ohio Unemployment Compensation Law,

unemployment compensation for ex-servicemen and unemployment compensation for federal employees.

Average weekly new claims during June 1960 reached 16, compared with an average of 25 for June 1961.

The major reason for the large number of claims in this area, once again, has been the weather factor according to the BUC office.

Construction and the canning industry in Pickaway County have had a late season and this accounts for a large number of continued claims bureau officials explained.

As more construction workers are called to work initial claims also decrease BUC employees said.

Idle pay claims are continuing to drop this month, according to the Columbus office, but the statistics have not been compiled yet.

More Than Half of Taxes Go To School Districts in Area

More than half of all taxes collected at the Pickaway County Courthouse last year went to school districts.

Taxes collected here during 1960 totaled \$2,790,055. Of this total, school districts received \$1,943,429.

Reports filed with State Auditor James A. Rhodes by county auditors throughout the state showed that schools received \$522 million out of \$907 million in local taxes distributed to political subdivisions. This was 57½ per cent of the total.

Of the \$907 million in Ohio taxes collected and distributed, \$624.8 million came from taxes paid on real estate and public utilities; \$201.3 million from the tangible personal property tax; \$33.3 million from the intangible tax; \$24.3 million from special assessments, \$22.3 million from inheritance and estate taxes, and \$763,837 from the tax on house trailers.

OTHER distributions in Pickaway County of the \$2,790,055 collected were: municipalities, \$167,256;

county government, \$364,615; townships, \$214,864; public libraries, \$35,735; and to the State, \$64,154.

The State's share is derived from one-half of the inheritance taxes and the levy to retire World War II veterans and Korean Conflict compensation bonds.

Ohio Congressman Due To Be Honored

SPRINGFIELD, Ohio (AP)—Congressman Clarence J. Brown, a Republican from Ohio's 7th District, will be honored Sept. 12 with a testimonial dinner.

J. C. Shouvin of Springfield, chairman of a committee sponsoring the testimonial, said the fete will be held at the Clark County fairgrounds.

Shouvin said the dinner is designed to thank Brown for his 22 years in Congress and more than 42 years in public service.

Sen. Barry M. Goldwater, R-Ariz., will be the principal speaker.

The district Brown represents is composed of Champaign, Clark, Clinton, Greene, Logan, Madison, Union and Warren counties.

Dress Style Terms Revealed

Glossary Gives Insight To Fashion Business

NEW YORK (AP)—If you hope to keep up your status as a fashion intellectual, you had better do your vocabulary homework.

Here is a glossary of style terms used in describing fall and winter collections by New York couture group members being shown to more than 200 fashion editors this week.

Body-Conscious. Having nothing to do with hypochondria, it describes the closer fit you'll find in coats, suits and dresses this fall.

Nothing Dress. This garment became high fashion by reduction to its lowest common denominator, by subtracting sleeves, collars, and shortening the hemline. Although it got its start a few seasons ago, it will continue barely and shiveringly throughout the winter season.

Flip Back—This style newcomer is a jaunty jacket, short in front with a gentle flyaway movement or back flare.

Inner Strength—Linings, once the cheapest fabrics in a coat or suit, now strengthen the coat (but weaken the budget) with mink, cash, chinchilla or ermine pelt.

High Risers—The ever-wondering waistline climbs upwards again in many collections. The high line is often emphasized by welt seaming. However the dropped waistline has not lost its fashion flavor yet.

Intermediate Length — Dresses hemmed at calf-length are designed for semi-formal occasions such as theater parties.

Dirndls—Years ago a printed, gathered skirt by this name was popular with off-shoulder peasant blouses. Today's version is refined, in dressier fabrics, not as full at the waist, and much more flattering to the mature figure.

Anti-Crime Cleanup

NIAGARA FALLS, N. Y. (AP)—A clean-up, paint-up, fix-up campaign not only gives a city a better appearance, but helps the police department fight crime, says Police Superintendent J. Milton Litchard.

Clean alleys, trimmed shrubbery and better-lit yards reduce the number of hiding places for attackers.

"Furthermore," he says, "as youthful energy is converted into productive actions, the value of juvenile decency becomes clearer to youngsters."

SE Ohio Depressed Areas Being Inspected by Officials

ATHENS, Ohio (AP)—A small task force of federal and state officials is in Southeastern Ohio's depressed areas this week, bearing the message that the government helps those who help themselves.

"We certainly don't want to give the impression they can get a lot of money without putting in a great deal of effort themselves," said Rep. Walter H. Moeller, D-Ohio. He organized the tour of his depressed district to explain provisions of the Commerce Department's area redevelopment act.

Moeller will accompany approximately 15 representatives of the Commerce Department, Small Business Administration, Agriculture Department, Housing and Home Finance Agency, the Ohio Health Department and Ohio Department of Industrial and Economic Development to help show residents how to develop a long-range economic recovery program.

The officials will emphasize that to qualify for low-interest loans under the redevelopment act, local communities must have a workable blueprint of their own.

"Some think it is a handout and we certainly want to get their minds straightened out on that," said L. I. Jones of the Federal Extension Service in a pretour briefing in Moeller's office.

"Neither do we want to shut the door. We ought to open the door and show them what they can get on their own initiative," Jones said.

The touring officials — from Washington, Chicago, Columbus will go from Athens County to Vinton and Hocking counties Tuesday, Meigs County Wednesday, Gallia County Thursday and Lawrence County Friday.

The group will tour each county, then each representative will outline what aid can be obtained from the specific federal and state agencies.

Moeller laid ground work for the tour by sending letters to hundreds of community leaders informing them of the plan to improve "the

agricultural, industrial and commercial potential of our areas."

The federal officials will hold general question and answer sessions on how their agencies can aid depressed communities, then conduct small discussion groups on specific local needs.

A second tour later in the year to check on progress is being considered.

Seven of the eight counties in Moeller's 10th district were among the first to be declared areas of substantial and persistent unemployment recently under the area redevelopment act. Moeller previously conducted a pilot tour, in Jackson County, which led to this week's tour of the rest of the depressed counties.

New Telescope

SYDNEY, Australia (AP)—A radio telescope capable of tracking American and Russian satellites better than the Americans or Russians is being completed at Parkes, 270 miles west of Sydney.

It is being built by the Radio-physics Division of the Commonwealth Scientific and Industrial Research Organization, whose officers say it will be the most refined in the world.

The telescope is expected to be ready for work in July or August. It will be 210 feet across, cover an area as big as a football field, and cost 800,000 Australian pounds (\$1,792,000).

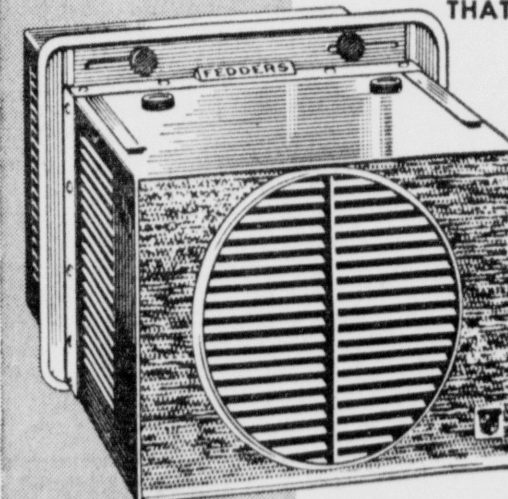

Only bigger radio telescope in the world is the 250 ft. dish at Jodrell Bank, near Manchester, England.
